SHAKE DAY GUIDELINES

- Isagenix recommends enjoying an IsaLean™ PRO Shake for breakfast.
- If your training regime requires extra protein, you can add IsaPro™ to your Shake.
- Prepare your 2500kJ meal for lunch or dinner. For meal ideas, purchase *Better Living* from IsaSalesTools.com.au or visit healthyactive.gov.au.
- Engage in an exercise program with both aerobic and resistance training. Consult your physician before undertaking a new exercise program.
- If you are exercising a lot, be sure to adjust your kilojoule and protein intake to account for your output. Depending on how intense your training is, you may need to consume an extra meal each day, or consume IsaLean PRO or an IsaLean™ Bar between meals. Consult your physician for optimal kilojoule intake.
- Drink plenty of water throughout the day. As a guideline for healthy adults living in a temperate climate, the National Health and Medical Research Council recommends total daily water consumption of 2.1L for women and 2.6L for men. Additional if exercising.

CLEANSE DAY GUIDELINES

- Isagenix recommend you do no more than 2 Cleanse Days consecutively or within a week unless there are modifications where more kilojoules are consumed on specific Shake Days.
- Only participate in light to moderate levels of exercise on Cleanse Days.
- Complete at least 2 Shake Days (also referred to as Pre-Cleanse Days) before beginning a 2-Day Deep Cleanse.
- Drink plenty of water throughout the day. As a guideline for healthy adults living in a temperate climate, the National Health and Medical Research Council recommends a daily total water consumption are 2.1 litres for women and 2.6 litres for men.
