A MESSAGE FROM THE ALUMNI ASSOCIATION

VALENCIA COLLEGE

Alumni Association

May 3, 2020

Dear Valencia College Graduate:

JEFFERY VILLEGAS

On behalf of all Valencia College alumni, we would like to extend our enthusiastic congratulations to you on your graduation. This impressive achievement was, no doubt, a journey of hard work and sacrifice. We are incredibly proud of you and applaud your accomplishment! Be excited that you have earned an educational credential from Valencia College; a college consistently ranked as one of THE BEST colleges in the United States!

While this may conclude your coursework here, remember that life at Valencia College does not end when you graduate; it continues, grows, and thrives.

You have joined an international network of more than 200,000 alumni who are thought leaders, innovators, and creators striving to make our community better. Wherever your life's work takes you, you will always be a part of the Valencia College alumni family.

We are here to support you. Please do not be shy. Reach out and ask for our expertise. Your alma mater continues to invest in you even after your time as students.

The office of alumni relations has created a wonderful community for alumni to connect, mentor, and share their knowledge through their services. Valencia College is about creating lifelong learners, and we hope that you will utilize these resources for life.

Congratulations to you and all the members of the Class of 2019 – 2020 who are celebrating their graduation today! Please stay in touch and let us know about your accomplishments as you make your mark in the world.

Welcome to life as Valencia College alumni; we wish you the very best in the next chapter of your life!

Sincerely,

A handwritten signature in cursive script that reads "Jeff Villegas".

Jeffery Villegas, '16

Chair

Valencia College Alumni Association

DISTINGUISHED GRADUATE AWARD*

Tamyia Paul

2019 – 2020 DISTINGUISHED GRADUATE

As a senior at Osceola High School in Kissimmee, Tamyia Paul toured colleges and universities throughout Central Florida. But on those personal visits, she was left cold. “They felt too big—like I would just be another number,” says Tamyia. However, when she visited Valencia College Osceola Campus, something clicked. “I got butterflies in my stomach,” she recalls. “I felt safe and comfortable; everyone was so friendly.”

Tamyia needed a place that would match her big, friendly personality—and give her the opportunity to get involved on campus. After being accepted to six different colleges and universities, Tamyia ultimately chose Valencia College.

Today, we salute Tamyia as the Valencia College Mary S. Collier Distinguished Graduate for 2020.

An excellent student, Tamyia credits her family with instilling in her a strong work ethic, a passion for people and a desire to create change.

In high school, Tamyia volunteered each week at the Osceola County Teen Court, where students serve as jury members, attorneys or clerks with real cases involving juveniles—and local attorneys serve as judges. “I learned a lot about what happens in real court, and it was always the highlight of my week,” says Tamyia. That volunteer experience inspired her to pursue an education in the legal field, and she hopes to one day become a judge.

Taking on a full-time course load in college, Tamyia worked two part-time jobs and was involved on and off campus. As a welcome team ambassador, she gave tours to prospective students and their families while assisting in middle/high school group visits and presentations.

In addition, she served as an officer in four clubs, including the Honors Student Advisory Committee and Phi Theta Kappa, the national honor society for two-year colleges. Earlier this year, she competed in a rigorous job-search simulation to win the title of President For a Day, where she shadowed Dr. Kathleen Plinske, the college’s provost and executive vice president, who is also serving as the president of the Osceola, Lake Nona and Poinciana campuses. “I was so honored, and it was an unforgettable experience,” says Tamyia.

Off campus, she worked at Papa John’s Pizza where she had fun with her co-workers and learned new skills. “I never wanted to be that student who just went to class and came home; that’s so boring to me,” Tamyia says.

After graduation, Tamyia, who’s 20, plans to transfer to the UCF Downtown Campus to major in legal studies. “I’m excited to see how the next phase of my life will unfold,” she says.

At home, Tamyia combines faith and fun with her three sisters and her parents each week on “The Paul Pack,” a show that they host on YouTube, Facebook and other social media channels. “The goal was to show the dynamic of a black family and how we handle life’s issues,” says Tamyia.

Tamyia will be a part of Valencia College history as the distinguished graduate for the college’s first virtual commencement ceremony. “At first, I was disappointed that we weren’t going to have the traditional graduation experience,” she says. “But, after taking a moment to stop and reflect on all that is happening, I’m grateful for any opportunity to celebrate all that we’ve accomplished.”

**In January 2012, the Alumni Association named this award in honor of Mary Smedley Collier, the college’s first Distinguished Graduate, former Alumni Association president, and a longtime Valencia College advocate and benefactor.*

VALENCIA COLLEGE DISTRICT BOARD OF TRUSTEES

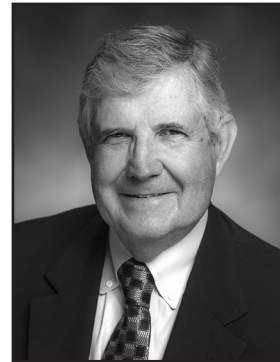

Members of the Board of Trustees are appointed by the governor of Florida to direct the college's policies. These community leaders extend their time, experience and dedication to make Valencia College the successful learning institution it has become today. We recognize their good work in making this day possible for so many of our students.

VALENCIA COLLEGE

Valencia College is an innovative leader in higher education with a national reputation for teaching excellence. The college places the highest value on the success of each individual student. In an ongoing effort to be responsive to the community, we build relationships with high schools, universities and corporate partners to strengthen academic scholarship and economic development.

Valencia College is truly a part of the community, meeting diverse educational needs at eight locations, and dozens of business and community sites in Orange and Osceola counties. Our Poinciana Campus opened in 2017 and our newest campus, Downtown opened in August 2019.

From its beginning in 1967, the college has met the ongoing challenge of keeping pace with the dynamic growth of the community and has continued, in an ever-changing environment, to fulfill its mission. As an educational leader, the college provides an “open-door” comprehensive postsecondary education.

The college fulfills its mission by offering degrees that provide for transfer to a university or for immediate entry into a career. we also offer continuing professional education to thousands of residents who recognize the value of lifelong learning.

The faculty and staff who bring these educational experiences to Central Floridians are scholars as well as practical experts in their fields. They are caring people who put their energies into instruction and their emphasis on the success of individual students.

Ninety-three to ninety-seven percent of Valencia College Associate in Science degree graduates are placed in jobs in their chosen field. Valencia College graduates are UCF’s number one source of transfer students, and make up one-quarter of their graduates.

In 2011, Valencia College was named the inaugural winner of the Aspen Prize as the top community college in the nation for 2011-2012. The Aspen Institute, a Washington educational and policy studies center, selected the college for this prestigious award based on an overall graduation rate nearly three times that of other colleges, as well as the high job placement rates of its workforce training programs. According to U.S. Department of Education data, Valencia College ranks fourth among the nation’s 1,200 two-year colleges in the number of associate degrees awarded, fifth in the number awarded to Hispanics and seventh in the number awarded to African Americans. A 2012 study found that Valencia College boosts the economy of Orange and Osceola counties by \$1.05 billion a year.

DEGREES AT VALENCIA COLLEGE

Students at Valencia College can earn an Associate in Arts (A.A.) degree which enables them to transfer to bachelor’s degree-granting colleges and universities in almost any major field of study. The college’s LifeMap system provides information, online planning tools, and personal assistance to help students select the appropriate courses so that their credits will transfer, tailored to the prerequisites for their intended major, and ensuring a smooth transition to a four-year college or university.

For those interested in a more direct path to the workplace, we offer Associate in Science (A.S.) degrees and certificate programs which prepare graduates for immediate employment. Over 100 A.S. degree and certificate programs are available in business, health care, public service, graphic design, digital media, entertainment technology, engineering technology, hospitality and culinary, information technology and veterinary technology.

The college, assisted by its program advisory committees, continually monitors the area’s workforce needs, developing and modifying programs to keep in step with local demand.

An asterisk (*) denotes students who, at the time of printing, had earned a cumulative grade point average of 3.75 or higher, not including the current term.

Valencia College began offering bachelor’s degree programs starting in the fall 2011 term. Students on a specific career track can transfer into programs that lead to a Bachelor of Science in Cardiopulmonary Sciences, Electrical and Computer Engineering Technology, Nursing, and Radiologic and Imaging Sciences. Bachelor of Applied Sciences in Business and Organizational Leadership, Computing Technology and Software Development.

SENEFF HONORS COLLEGE

The Valencia Honors Program was established in 1988 to provide unique learning opportunities to students from diverse backgrounds. During its history, the Valencia Honors Program has become known as one of the exemplary two-year programs in the nation. In June 2008, the CNL Charitable Foundation and the Valencia College Foundation established an endowment fund to support educational opportunities at the college; in fall 2012, the Valencia Honors Program was renamed the Seneff Honors College.

The vision of the Honors College is to discover potential in students and inspire excellence. Admission of candidates into the Seneff Honors College is a consideration of a student's potential beyond simply a test score or grade point average. All highly motivated students who desire to make the most of their Valencia College experience are encouraged to apply. The honors curriculum is structured to provide purpose, meaning and engagement for students and faculty in the Seneff community and beyond. Students may choose one of four tracks for their honors study: interdisciplinary studies, leadership, undergraduate research or global studies.

Honors classes at Valencia College emphasize individual, original, and creative learning opportunities both inside and outside

of the traditional classroom. Students have the chance to study abroad, engage in community service, participate in cutting-edge research, travel to professional conferences and assume leadership roles. Most students in the Seneff Honors College receive full tuition scholarships while at the college, and many receive transfer scholarships when they graduate. Honors students are ensured a voice in the governance and direction of the program through the Honors Student Advisory Committee. The program is guided by an advisory board consisting of college faculty, administrators and students.

A student who completes one of the four tracks (a minimum of 23 hours of honors coursework plus co-curricular activities) with a 3.5 grade point average graduates as a Seneff Honors College Scholar, and will wear a blue stole and medallion during commencement. A student who completes 18 hours of honors coursework plus co-curricular activities with a 3.33 grade point average graduates as a Valencia College Honors Scholar and wears a blue stole and honor cord. And a student who completes 12 hours of honors coursework with a 3.25 grade point average is awarded an Honors Certificate and wears a blue stole.

BACHELOR OF APPLIED SCIENCE

DEGREE GRADUATES

2019 – 2020

Business and Organizational Leadership

Arwa Al Qaryuti	Xavier Cruz	Brandon Hardison
Tanya Alonso Mena	Juliandra Cruz Campbell	Jullin Hassell Watson

Congratulations graduates of the class of 2019 – 2020 from your Valencia College Alumni Association.

Welcome to life as a graduate of Valencia College. Congratulations on completing this phase of your journey, you are joining over 200,000 active alumni who have come before you and thrived in their post-college lives. We know this next step might seem a bit scary, but you are not setting out alone. You now have access to a community of dedicated, ready and willing alumni here to help you.

The Valencia College alumni network is everywhere. We hope that you will take advantage of everything we have to offer. Start today by following our social media channels and checking out our website:

valenciacollege.edu/alumni

Valencia College is about creating lifelong learners, and we hope that you will utilize these resources for life. Don't be shy—you can always reach your alumni relations team at **alumni@valenciacollege.edu**. We are here for you, so please keep in touch, share your ideas, and let us know how we can better serve you.

We know you are going to do great things, and we look forward to celebrating your accomplishments as you make your mark on the world.

2019

Your support today puts me on a path to
A BETTER TOMORROW.

2020

VALENCIA COLLEGE

A member of the Florida College System.

Valencia College is an equal opportunity institution. We provide equal opportunity for employment and educational services to all individuals as it relates to admission to the college or to programs, any aid, benefit, or service to students or wages and other terms, conditions or privileges of employment, without regard to race, ethnicity, color, national origin, age, religion, disability, marital status, sex/gender, sexual orientation, genetic information, gender identity, pregnancy, and any other factor prohibited under applicable federal, state, and local civil rights laws, rules and regulations.
