

# DIRECTORY OF ALTERNATIVE EDUCATION PROVIDERS

September 2021

An Alternative Provision Directory, which offers a list of organisations providing educational placements, who have at least met the minimum standards to be listed, set by North Yorkshire County Council. It is expected that this framework will be used by schools, academies, specialist providers and NYCC specialist teams to source Alternative Education for Children and Young People who are: -

- At risk of exclusion from school;
- Excluded from school on a fixed term basis;
- At risk of disengaging from mainstream education;
- Require additional support during a negotiated transfer between mainstream schools;
- Otherwise require Alternative Education provision to meet their educational entitlement, for instance in line with an Education, Health and Care Plan;
- Looked After Child with no school place.

This framework does not remove or amend any of the statutory obligations and duties upon schools /academies in relation to the provision of education or the exclusion of children and young people from school. Any child or young person placed either full or part time in alternative education provision, remains on the roll of that school and responsibility for delivering the full time education and all other duties in respect of that child remain with the school. Specifically, the commissioning school remains responsible for monitoring and tracking the progress of individual children and confirming that the provision is of good quality, value for money and meets the needs of the individual involved.

## **Minimum Standards**

The NYCC framework of minimum standards expects:

- Providers to be operating lawfully in accordance with the DfE Alternative Provision Statutory Guidance.
- Providers to complete a Self-Evaluation Framework which will be updated annually:
  - Evidence of up-to-date staff DBS certificates
  - Staff Training Log
  - Registration details
  - Policies and procedures scrutinised such as Safeguarding / Health and Safety etc.
  - Provider Improvement plan
- An annual meeting with a Local Authority representative to scrutinise evidence contained within the Self-Evaluation Framework.

## Alternative Education Providers:

**Provider Name:** Academy21  
**Address:** Wey Education, 43-44 New Bond Street, London, W1S 2SA  
**Telephone:** 01438 535001  
**Contact:** Sheila Mosley  
**E-mail:** sheila.mosley@academy21.co.uk  
**Website:** [www.academy21.co.uk](http://www.academy21.co.uk)

### Pastoral Support Offered:

We work closely with the commissioning school or local authority service to provide additional support where needed. Included within our provision and cost are an optional tutorial/intervention support session each Friday. But as pupils referred to us remain on local roll then core pastoral services are typically provided by the commissioning school or local authority service.

### Service Provider Comments:

Academy21 offer supplementary online alternative provision that addresses the challenges schools and local authorities face to secure quality, cost effective and personalised provision for young people coping with complex health, emotional, behavioural and mental health issues. Pupils can learn from any suitable location with a broadband connection and computer (e.g. home, school or learning centre). We provide live teaching in safe and secure online classrooms delivered by experienced, qualified, subject specialist teachers. Each lesson has a linked extension activity to consolidate learning and we provide weekly personalised intervention sessions throughout term time. All students can access a full library of bespoke recorded lessons to consolidate learning, revision and review missed lessons. Progress against realistic educational targets is measured from baseline assessment through to final results with daily real time attendance data, weekly and termly reports and learning progress monitored through regular levelled assessments. All monitoring data is made available 24/7 through our Learning Management System. We support over 750 pupils across 60 local authority areas to engage, learn, rebuild self-esteem and meet their personal goals – achievements reflected in the excellent GCSE results our learners achieve every year.

### Service Provider Benefits:

- Cost effective, with costs starting from an equivalent of £8.60 per hour
- Flexibility - unlimited referrals and replacements at no additional cost and range of timetabling options available to meet individual pupil need
- Timetabled lessons attended from home, school or learning centre
- Successful reintegration to mainstream school
- Cost effective alternative to exclusion
- support for young people with complex medical and mental health needs to progress, learn and realise their ambitions
- Short, medium or long term provision
- Rapid enrolment can be completed in hours to meet immediate requirement for provision

**Provider Outcomes:**

- Successful reintegration to mainstream school
- Prevention of permanent exclusion
- Supporting 'Progress 8' attainment/measures
- Acquisition of GCSE's, A-Levels or other qualifications
- Lowered risk of NEET, progression to mainstream post 16 provision
- Positive changes in students' attitude to learning, motivation, confidence and self-esteem.
- Improved behaviour (depending on existing conditions – can work well for ASD students)
- Improved attendance and punctuality
- Employability – some courses e.g. PWL and short course modules.

#### **Pastoral Support Offered:**

Every young person should have an opportunity to fulfil their potential. In 2020 surveys, learners tell us they feel safe and happy at The Academy and know where or how they can get support. High levels of safeguarding are in place and safeguarding policies are on the website. Our team are experienced in working with disengaged young people. We have safeguarding officers, who provide one to one support meetings to ensure young people feel supported, listened to, encouraged, motivated and understood.

#### **Service Provider Comments:**

The Academy is proud to have made a difference to many young people's lives. We are a specialist vocational training provider working with local employers in the North East and Yorkshire. We offer traineeships, apprenticeships, study programmes and bespoke programmes for schools in Whitby, Scarborough and Ryedale. Young people thrive at The Academy and respond well to an alternative learning environment, which emphasises employability and skills. We have high quality learning facilities in Scarborough, Norton and Whitby, North Yorkshire.

#### **Service Provider Benefits:**

Specialists in delivering Hairdressing, Beauty Therapy, Barbering and Make up Artistry. Students enjoy the relaxed atmosphere and thrive in small groups. We have realistic working environments, which introduce young people to the world of work. Our staff are highly experienced and qualified in up to date commercial services. High quality and impartial information advice and guidance.

#### **Provider Outcomes:**

Rated as an outstanding training provider by Ofsted in 2015. 95% of apprentice success rate. Leading apprenticeship provider for the industry. Young people leave our provision with improved confidence, a sense of achievement and higher self-esteem than when starting the course. Matrix Accreditation for quality advice and guidance.

### **Pastoral Support Offered:**

Each student is assigned a key worker who is responsible for day to day pastoral care and communication with parents/carers. Bespoke PSE activities and support are planned and delivered in negotiation with student/parents/school as part of our wider curriculum offer. Boxall Profile Online assessment tool for social emotional and behavioural difficulties to provide effective planning and progress review. Ad Astra staff attend all review meetings and can act as a single point of access for schools, parents and carers. We work with schools across North Yorkshire.

### **Service Provider Comments:**

Ad Astra offer a highly practical and engaging learning programme, focussing on Practical Conservation with our Forest School and partnership with Natural England. Land based activities are combined with our offering of Woodwork, Health & Fitness, Outdoor Pursuits and Mechanics to create a varied, well structured programme tailored to meet the needs of the individual student. In addition to this practical learning, we are able to offer English and Maths on an appropriate curriculum pathway for the student, delivered by fully qualified QTS staff. Our explicit focus on oracy is particularly powerful in helping students to understand and articulate barriers and triggers for poor behaviour and this allows us to build a bespoke programme to help facilitate engagement in Education and reintegration to school or transition to post 16 setting. For Year 11's at risk of NEET, we have a transition to post 16 group. Pre teaching of topics to support reintegration. We offer flexibility to meet needs and can offer both full and half day packages, Girl's only packages and an Autism friendly Forest School programme. Our students are off site but not out of sight from their mainstream setting.

### **Service Provider Benefits:**

Small groups for practical work. 1-1 support for English and Maths delivered by QTS staff. Passport to Progress capturing student voice. Preparation for adulthood curriculum activities. Recognition of achievement underpinned by AQA Unit Award Scheme, from Entry 3 to Level 2. Daily or weekly feedback as required. Termly reports to parents/carers. Ad Astra can also fit in with host school/provider data collection cycle.

**Provider Outcomes:**

SEMH focus setting. Successful reintegration to mainstream school or transition to post 16 setting

Prevention of permanent exclusion

- Level 1 & 2 qualifications in English and Maths
- Reintegration of NEET students
- Positive changes in students’ attitude to learning, motivation, confidence and self-esteem.
- Improved behaviour/reduced negative behaviour incidents
- Improved attendance and punctuality
- Preparation for Adulthood

### **Pastoral Support Offered:**

Beyond academics, we are proactive in raising resilience, confidence, and self-awareness – especially around learning behaviours. These include completing tasks, listening to and following instructions, concentration, seeking help, communicating effectively and politely, and completing homework. In other words, we teach the whole child – often beginning lessons with short mindfulness activities. We also help our students understand the myriad of attributes they should be celebrating about themselves.

### **Service Provider Comments:**

Curriculum is designed to; Recognise students' prior learning / Recognise individual's barriers to learning / Build confidence and resilience / Become creative and critical thinkers. The ability to learn is underpinned by building trusting relationships and teaching basic skills, knowledge, concepts, and values. We promote student responsibility for learning and future success.

Our intentions for our students are realised by; building trusting and productive relationships, offering a broad curriculum, encouraging high levels of participation, being sensitive to individual needs and groups dynamics and celebrating many areas for success beyond academic attainment. Each child is considered individually when choosing lesson and rich-media learning strategies. For all students, we work toward their taking responsibility and ownership of their learning. We encourage engagement and expect effort. We celebrate every small step of progress and help students to recognise and celebrate their own strengths.

### **Service Provider Benefits:**

SEND specialists. Live lessons online. Personalised timetable, content, and pacing. In-depth progress reporting. Attention to the whole child. All exam boards. Broad curriculum. No transportation required. Experienced specialist teachers familiar with a variety of challenging students.

**Provider Outcomes:**

Re-engagement with learning – Reintegration to school – Excellent progress and exam grades. Measuring impact at Apricot is in-depth and we, therefore, know that our students have the knowledge, skills, and understanding we intend them to have. See a sample report [here](#).

- Attendance is recorded live by lesson
- Assessment objectives for each subject are reported for each homework and most classwork
- 21<sup>st</sup> C. Skills are measured on a weekly basis
- Learning behaviours are measured half-termly
- Individual Learning Plans are recorded on a termly basis

Our reporting allows teachers, students, parents/carers, and clients to understand exactly where students are excelling and where they have weaknesses. This information informs teachers’ lesson planning and students’ revision priorities.

***Pastoral Support Offered:***

*Providing a safe, nurturing environment enabling young people to learn. As an alternative provision we will endeavour to go above and beyond to help provide this safe learning environment for all our students to help them become the best they can. Lots of young people may have become disengaged from mainstream and our setting allows them to continue with their academic in a relaxed therapeutic environment. Bespoke lessons are tailor made to the needs of each individual, allowing them to grow in confidence and achieve. These lessons are generally on a one to one basis. We work closely with the commissioning school, local authorities, parents, student and other professional bodies to allow each young person reach their potential. Bilbrough Country Classroom attends all meetings regarding students that are with us and we contact parents on a weekly basis.*

***Service Provider Comments:***

*Bilbrough Country Classroom strives to provide a realistic education package for each individual based around their specific needs. By doing this, we are enabling each student to learn about themselves as well as the expected curriculum and also allowing every young person to grow in confidence which helps them to achieve in school or in their post 16 transition. Our staff are well trained and have background experience giving them the awareness of the specific needs of others.*

***Service Provider Benefits:***

*Giving students a chance to complete their education in a calm environment, catering for their specific needs, offering maths & English Functional skills to GCSE, Princes Trust, Land Based activities and Life Skills. We have several animals on site which helps to alleviate the hustle and bustle of a mainstream school. We also offer the extra benefit of dramatherapy, the chance to go riding, groom horses, walk dogs, talk to alpacas or read to some of our feathered friends. As an alternative provision, we endeavour to build each individuals confidence, giving them a sense of inclusion, independence and the ability to socialize with others confidently.*

**Provider Outcomes:**

Our main aim is always to try and get the students back into schools but sometimes we work alongside them to enable the student to complete their education. We pride ourselves on being the bridge between home and school, thus allowing our students to achieve and to successfully continue their post 16 education.

***Pastoral Support Offered:***

*We work closely with the local authority service or school to provide tailored support. We focus on building positive relationships and have a Success Coach to provide support for every student. We have an emotional support dog, Pebbles, who loves to help students show and feel affection.*

***Service Provider Comments:***

*Coast Tuition strongly believes that every student should achieve their potential by ensuring they have effective Maths and English skills for education and beyond. We are flexible and supportive to provide bespoke programmes. We can deliver short, medium or long-term provision. All staff are fully qualified subject specialists with experience working with disengaged students.*

***Service Provider Benefits:***

*We offer a bespoke and individualised curriculum with a focus on nurture, positive behaviour, resilience and a readiness to learn. We are flexible in the days and times and methods of delivery that we can provide. We have a learning environment, which can facilitate small groups and 1:1 provision. Our Learning Centre contains a classroom, games area, mentoring/inclusion room, IT facilities and a fully fitted kitchen to offer life and independence skills in an environment which engages learners. This is a suitable area for short-term turnaround placements of pupils who aren't currently able to access mainstream education or are at risk of exclusion. Knowledgeable staff who have worked in FE who are able to support year 11 transitions into college/post-16 provision.*

***Provider Outcomes:***

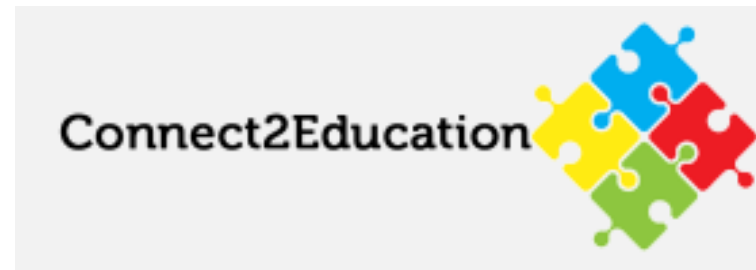

*SEMH focus setting. Acquisition of core skills to enable progression within education or employment. Effective transition to mainstream provision. Prevention of permanent exclusion. Improved and positive relationships with greater confidence, self-esteem and motivation.*

***Pastoral Support Offered:***

*Connect2Education have over fifty years combined experience in pastoral support for students with mental health issues or additional needs (including social and emotional needs).*

***Service Provider Comments:***

- \* The organisation has had positive feedback from the schools and students they have worked with since starting in January 2019.*
- The organization has had proven success in supporting KS4 students to achieve at GCSE.*
- The organisation has ten staff made up of qualified teachers and TAs with solid experience in a variety of mainstream, special school, PRU and Virtual School settings.*
- The organisation has a member of the team who has over 30 years' combined mental health and teaching experience.*
- The organization has a standardised assessor and former SENDCo which means the business has the recognized qualification to support Form 8 Applications for examination concessions.*

***Service Provider Benefits:***

- The organisation provides a high ratio of teacher to student in the Education Centre in Stokesley, in a quiet and well managed environment, so students settle quickly and feel safe.*
- The organization provides one to one bespoke tuition in a variety of settings: school/home/library or other pre-approved venue: the tuition is flexible to meet the need of the student and the budget of the school/local authority.*
- The charge is currently £41.00 per hour for tuition; agencies will charge per day or half day.*
- The tutors with Connect2Education are fully qualified and consistent in their tutoring of students, so that there is the opportunity to form a solid working relationship, where children feel safe.*

- *The organisation will attend meetings. Staff have a good working knowledge of other agencies such as social care and CAMHS - this is a benefit in meetings as we are experienced in completing reports and PEP documents thus saving school staff time.*
  - *Strong GCSE Offer*
  - *Can work in Residential homes.*
  - *Experienced in working with ASD*
  - *Experienced in working with LAC*
  - *Experienced in working with anxious/school phobic pupils from a wide range of backgrounds KS2 - KS4*
  - *Experienced in training staff, including staff who work for external agencies such as children's homes and social care.*
  - *Experienced in Attachment and Separation anxiety issues which affect education.*
  - *Packages can be flexible to fit in with other provisions including primary and base provisions.*
- \* There is a Service Level Agreement. We do not charge extra for travel time unless tuition is over 20 miles from our base in Stokesley or more than 20 miles from our tutors' starting point of travel.*

**Provider Outcomes:**

*This year we have supported six young people to take their GCSE examinations. One of our students with an EHCP achieved a Level 4 in English. One student who had been absent from school for three years due to a long term medical condition achieved a Level 3 in English. The Y10 LAC we supported in centre has recently transitioned to Middlesbrough College on a full time placement. In addition we successfully helped a young person (who was unable to return to school as on verge of exclusion) to sit nine formal examinations on site with Connect2Education and supported his successful college application.*

Pastoral Mentor on site and a dedicated trainer for the group.

**Service Provider Comments:**

The Construction Skills Village was handcrafted by industry for industry with the simple aim of bringing education and industry closer together. We have continued to work with and listen to our industry partners and together we have further developed the Construction Skills Village as one solution to help address the growing skills gap. Our team has grown and we have extensive experience in supporting individuals into training in the construction industry. We are construction ninjas and all round helpful people.

**Service Provider Benefits:**

At the Construction Skills Village learners on alternative provision will:

- Undertake vocational sessions in Brick/Joinery/Multi
- Learn on a real site environment and undertake full H&S
- Sample the rigours of industry in a safe environment
- Train and work alongside qualified trades people
- Exposure to industry via Contractor site visits and Industry talks
- Opportunities for contractor work experience

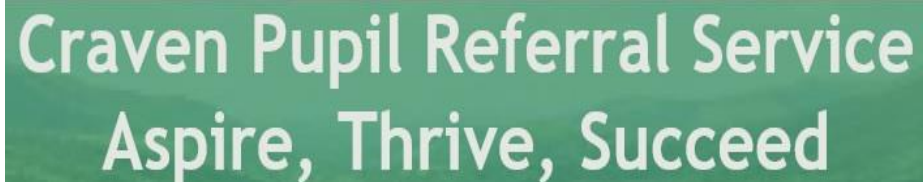

These are non-accredited qualifications and costs £65.00 per day per learner (without lunch)

## Craven Pupil Referral Service

### Aspire, Thrive, Succeed

#### ***Pastoral Support Offered:***

*Craven Pupil Referral Service centres on the belief that the personal development and growth of our pupils and staff is about more than classroom-based learning. That said, we are fortunate to have the use of modern, well equipped teaching areas, which promote the use of different teaching styles to get the best from the young people in our care. We aim to build teamwork and a sense of social responsibility. We believe that it is vital to provide individual support for every pupil.*

#### ***Service Provider Comments:***

*Our Values - Our community is built on the values of honesty, integrity, teamwork and care.*

*Our Vision - To provide a safe and supportive environment where all pupils have high aspirations, thrive, both personally and academically, and succeed in being the best that they can be.*

*Our Purpose –*

- To ensure students have high aspirations for themselves and to support them to achieve to their full potential*
- To develop student independence and prepare them for the next stage of their lives.*
- To develop healthy, confident young people who will make a positive contribution to their community*
- To provide a broad range of experiences and opportunities*

#### ***Service Provider Benefits:***

*Our curriculum and timetables are designed to meet the needs of a wide range of pupil needs. Whilst many pupils successfully access a full timetable, some of our pupils attend shorter days because of medical needs or illness with the aim of building up time and returning to school, where appropriate. All of our pupils are encouraged take part in whole-school themed days, sporting and cultural activities and extracurricular activities to complement their formal timetables.*

**Provider Outcomes:**

*To support students re-engage with mainstream or to support transition to specialist or post-16 provision or into work.*

- To raise aspirations and to enable students to thrive and succeed at the centre and in their next educational setting.*
- To provide the time and support that will enable students to develop the skills that they will require in order to be successful in their next educational setting.*
- To provide a flexible curriculum which can be adapted to students' needs*
- To provide a curriculum that supports students to develop their personal, emotional and physical wellbeing.*
- Literacy and numeracy skills will be developed both through explicit teaching and throughout the curriculum.*
- The following core key skills required for future success have been identified and will be taught through the curriculum: staying safe and healthy; resilience; managing feelings; working with others; communication and ability to conform to rules and expectations.*
- To develop subject specific skills and achieve qualifications as appropriate, in identified subject areas, in order to support a smooth transition into the next educational setting.*
- To identify any further barriers to learning and secure appropriate support.*

***Pastoral Support Offered:***

*The college is a modern, welcoming environment which has a 'grown-up' feel. We have a high level of support for all our students including a Safeguarding team of 4, Student Support Adviser team of 3, Progression Coaches in all curriculum areas and a professional student counsellor. We also have a dedicated Pre-16 Co-ordinator who will help the students settle into college and keep a regular check on them and be available to offer any support necessary throughout the week. We have a large food court offering a variety of hot and cold meals, a coffee shop and a dedicated cafe in our Engineering, Art and Construction block.*

***Service Provider Comments:***

*We are a general FE college but we offer study programmes, nurture groups and bespoke packages for 14-16 learners who are on school roll but also those who are elective home educated. We meet with every prospective student and ensure that college is the right place for them and that we can fully support them to reach their full potential. We give regular feedback to parents, carers and schools.*

***Service Provider Benefits:***

*We have state of the art facilities on our campus closely mapped to industrial standards. We have a high level of support and guidance for our students including two Independent Careers Guidance Advisers. Our teaching staff are all highly qualified and experienced in their vocational area of expertise. Because we are a large college we have the benefit of excellent student facilities including various rest areas and food outlets as well as a garden with MUGA and space to relax in the summer.*

***Provider Outcomes:***

*The College is rated Good by Ofsted and has 97% outcomes on level 3 courses, first in Tees Valley for outcomes 2 years running - for further information please visit our website and read our SAR. The overall headline performance for classroom based learning outcomes, for all ages of student, continues to be outstanding at 93%, remaining nearly 8% above the national rate of 84%.*

M'bro, TS6 6SR  
**Telephone:** 07817 957463  
**Contact:** Scott Thornton  
**E-mail:** Scott.thornton@educ8group.com  
**Website:** www.educ8group.com

**Pastoral Support Offered:**

Educ8 prides itself over many years of recruiting staff with the skills, experience and empathy to support a wide range of learners who are experiencing difficulties in their education. By using well designed buildings which reflect the vocational offer and combining this with staff ratios of 1 to 5, we feel we can offer the pastoral support, so important for our learner's development, self-esteem and confidence. Pastoral support is available at any time but we do have an official review every half term to track progress and record additional support in agreement with learner. Staff are trained to look out for signs of bullying and act according to company procedure. We also work with parents and carers to support their child and in particular have a robust process for chasing attendance and ensuring our learners are motivated to attend on a regular basis.

**Service Provider Comments:**

We will devise a curriculum with your school to meet the needs of 10 learners attending each day you book. This curriculum can change day by day and also capture learners to come on half day provision. The cost is calculated at £600.00 per day on site delivery £700.00 a day offsite. You will have an area manager as your point of contact, two qualified staff to deliver programme, all resources provided including the management of qualifications.

**Service Provider Benefits:**

We offer a tailored alternative education programme for your students, which can be delivered at your school or offsite. The vocational offer includes a wide range of options including sport, mechanics, childcare, elderly care amongst others and agreed at the outset, giving us time to recruit experienced and engaging staff. The offer can in time include GCSE delivery in certain subjects.

### Provider Outcomes:

We have excellent results in our key target areas of attendance, retention on programme, qualification success, and positive progression routes. We secure excellent ratings from our current 6 local authority partners, as well as regular school inspections which include OFSTED inspectors. For 2019 attendance rates were above 81%, retention 91%, positive progression 98% and achievement of qualifications 92%. We also received positive annual reports from our awarding bodies.

***Pastoral Support Offered:***

Evolve Sports Academy is focused on improving, supporting and inspiring young people. We will do this by delivering a personalised curriculum that is able to meet the needs of all pupils. Evolve Sports Academy have a qualified team of PGCE trained teachers who have experience of working with disengaged young people. We take pride on our communication and the relationships we develop with pupils, schools, parents and carers.

***Service Provider Comments:***

Evolve Sports Academy is an alternative education sports coaching programme. Using sport as a tool, we deliver qualifications in BTEC Sport and Functional Skills to secondary school students who have been excluded / at risk of exclusion from school. Alongside delivering academic qualifications, we have a specific focus on developing young people with fundamental life skills. Our aim is to create an environment where each individual student can achieve their full potential.

***Service Provider Benefits:***

Evolve Sports Academy's service includes:

-A fun, safe learning environment / A staff to student ratio of 1:4 / Daily attendance updates / Daily or weekly progress reports to schools / Half-termly reports to schools / Weekly phone calls home to parents and carers / Weekly homework tasks / Regular guest speakers to provide information and inspire young people.

***Provider Outcomes:***

Evolve Sports Academy's outcomes include:

Positive improvement in attendance / 95% of pupils achieving qualifications in BTEC Sport, Maths and English / A focus on SMSC and life skills / Supporting pupils with post 16 destinations / A foundation which supports young people with business ideas / A foundation that provides free educational and sporting opportunities in the community / An 'Alternative Education Football League' for pupils to participate in / A half-termly 'Rewards Day' to celebrate the success of pupils.

**Pastoral Support Offered:**

- 1:1 support for students, Individual packages for each students, taking into consideration their social and emotional needs
- Close liaison with family/carers and commissioners to work in partnership with each other
- All Education Specialists matched on the basis of relevant experience, qualifications, interests and ability
- Regular reporting on engagement and education progress, including attendance
- High level of safeguarding
- Access to additional support within the company
- Staff are MAPA (Management of Actual and Potential Aggression) trained and skilled in de-escalation techniques
- Person Centred Intervention plans created for each student, identifying the needs and strategies suited to them as an individual

**Service Provider Comments:**

Fresh Start in Education work with students who are at risk of exclusion or have been excluded, or are struggling with education. This includes students who have already been temporarily or permanently excluded, school refusers, young offenders, those with emotional or behavioural difficulties, SEN, SEMH, serious health issues and those who are generally disengaged from education.

We offer support for students needing one to one support, Accompanied Work Placements for those aged 16 and over, and online learning for students unable to access the classroom but still able to progress with their academic studies.

**Service Provider Benefits:**

1:1, bespoke packages of education and engagement tailored to each individual students needs. UK wide provider, able to support students in any location, including students who are moved out of county for any reason.

Secure Commissioner Portal for referrers to access live data regarding their students attendance, engagement and progress in sessions  
 Interim provision to support and prepare students for transition to new, permanent place of education or employment  
 Each provision is overseen by an Education Coordinator in the office, who is a designated point of contact for commissioners, parents and the student for the duration of the provision. Regular progress reports outlining the students’ progress against their targets.

**Provider Outcomes:**

Each student receives a Personal Learning Plan with targets created to their own current learning and behaviour needs, generally covering the following areas: Communication, Social, Emotional and Behavioural Development, Life Skills, Numeracy, Literacy, and Sciences/Arts/Humanities

The following outcomes can be expected for all students: successful preparation for reintegration to a permanent place of education, completion of courses/qualification offered to the student, improved attendance and engagement, development of life skills, skills to overcome the previous barriers and challenging to accessing education, increased self-esteem and motivation, skills to make a positive contribution to the local community and society, reduction in anti-social behaviour and strategies to manage known challenges.

**Contact:** Sarah Thornton  
**E-mail:** info@futureworksny.co.uk  
**Website:** www.futureworksny.co.uk

### **Pastoral Support Offered:**

Futureworks prides itself on the support given to every young person that walks through our doors. We understand that traditional, mainstream education does not suit every need and as such we have worked hard to create an atmosphere where support and learning go hand in hand. Our staff are experienced in dealing with an array of issues and barriers to learning and we have procedures in place to ensure that all learners receive the support they need as and when they need it. Our facilities ensure that a private space is always available for young people and staff to discuss private matters and if needed, a café where a hot chocolate and a chat can take place to ensure learners remain on board even through tough times. We also have our friendly office dog, Kink who can be cuddled and petted at any time needed. Kink is a great asset to our provision as he provides a calming and comforting distraction to those young people feeling anxious or agitated. A young person who attends Futureworks can be assured that all the staff will do their utmost to help, support and encourage the determination needed to complete and achieve their goals.

### **Service Provider Comments:**

Re-engaging young people through our alternative provision enables them to build confidence and self-belief whilst achieving qualifications to help them move forward. As part of their time with us, learners will be encouraged to forge a pathway to further education, engaging in career planning and goal setting. Learners are also encouraged to participate within other activities taking place within Futureworks, these can include our onsite workshop, outdoor voluntary work as well as ongoing property development projects. Young people will develop skills to prepare them for adulthood whilst on board our provision as well as gaining enterprise skills to help kick start their adult journey.

### **Service Provider Benefits:**

Our alternative education is easily adapted to suit individual needs. We offer small groups (maximum of 8) to alleviate anxieties as well as encourage social inclusion with other young people. Smaller groups and two dedicated members of staff also mean that our learners receive more one to one attention and support with their individual learning. A maximum of 2 days learning split into half day sessions enables learners to focus on specific attainment goals at once. A focus on individual learning preferences also enables our young people to engage with their work in a way that works for them, this ensures achievements for all. Although a focus on achievement is a key aspect of our alternative provision it is not always a focus on academic achievement. We also understand the benefit of personal achievement and the positive impact on a young person's wellbeing this has. This is a focus on our new enrichment activities where learners can engage in new challenges which help increase their confidence as well as their levels of determination. These activities are varied and designed to also help build relationships between peers and staff. Initial assessment tools are utilised to ensure that every learner journey is individual and that all achievements are captured.

### **Provider Outcomes:**

Every young person who attends our alternative provision is set personal and achievable targets at the beginning of their journey. These targets include the achievement of a Functional Skill and an employability qualification. Every qualification studied is at the level attained by the learner through assessments as this ensures learning is achievable. Our current outcome profiles show for this academic year, 75% of our young people have achieved at least one qualification. These qualifications range from Entry level 1 up to and including level 2. It is our job to encourage all our learners to achieve the highest level they can within their functional skills maths and English. Encouragement and motivation to achieve are part of our key strategies and as such we celebrate every learner achievement through social media and rewards. These small gestures ensure that every achievement no matter how small do not go unnoticed. We also collect and collate data about the wellbeing of our learners as our provision is also aimed at alleviating anxieties and increasing confidence and wellbeing. Our data for previous cohorts shows that over 80% of young people left our provision feeling more confident.

### **Pastoral Support Offered:**

GoGet provides support for children, young people and adults with a range of learning, behavioural and health challenges to access high-energy activity sessions focused on meeting an individual's assessed sensory, health and wellbeing needs. We specialise in supporting young people with an EHCP, or personalised education package, who may have had a sensory assessment, which identifies the need for more physically demanding activity to help them regulate. We provide 1:1, 2:1 or 3:1 support to individuals so they can access a range of activities including cycling, trampolining, watersports and walking.

### **Service Provider Comments:**

At GoGet Active, we believe in enabling individuals to enjoy a life that reflects their own personal goals and aspirations. Our mission is to develop, promote and deliver bespoke and imaginative solutions for support, which offer enhanced life choices and opportunities. We are dedicated to encouraging our clients to explore their abilities in a friendly, supportive and safe environment and our team of highly skilled support workers believe passionately that anything is possible. We pride ourselves on our flexible approach, which is tailored to each individual's needs and interests.

### **Service Provider Benefits:**

We provide a range of activities designed to meet an individual's sensory, emotional, social and mental health needs enabling them to regulate more effectively in other areas of their life. For young people enrolled at SEN education settings this can support them to engage more effectively with the education provision or help to enrich their education timetable by providing vestibular stimulation that cannot be achieved in the school environment. Using a variety of community venues and activities, we support individuals to develop their life skills by engaging with the wider community; enhancing their communication skills, self-confidence and independence.

**Provider Outcomes:**

We offer bespoke and imaginative solutions for community based support to enable individuals, regardless of a disability, to create a personalised and flexible support plan, which reflects identified goals, skills and needs. We introduce young people to new opportunities and support them to build and develop independence skills and self-confidence through a wide range of activities. Working closely with the individual and their support network, our tailored service supports young people to explore their abilities, challenge themselves and to broaden their experiences and horizons.

Yorkshire, DL6 1SZ  
**Telephone:** 01609 710443  
**Contact:** Lynn Wild  
**E-mail:** [lwild@hrprs.n-yorks.sch.uk](mailto:lwild@hrprs.n-yorks.sch.uk)  
**Website:** [www.hrprs.co.uk](http://www.hrprs.co.uk)

***Pastoral Support Offered:***

*The Hambleton & Richmondshire Pupil Referral Service's vision is focused on improving the life chances of the students in our community. We will do this by delivering a personalised curriculum and supporting the individual needs of our pupils in a welcoming and safe environment. Through our community expectations of Persevere, Respect and Succeed, we aim to be an outstanding provision that enables young people and staff to reach their potential and develop into successful individuals.*

***Service Provider Comments:***

*Young people who are referred to our Service come with a history, which usually includes a breakdown in their educational provision. Often they have not been in regular full-time mainstream education for a considerable length of time and may have negative views of school. Consequently, the emphasis has to be on the development of positive attitudes towards self and learning with a curriculum which meets the individual needs of the young person. Where possible, our aim is always to reintegrate young people back into mainstream education.*

*We also support schools in the Hambleton & Richmondshire collaborative by working with students who are at risk of permanent exclusion or who are too ill to attend school, by either offering advice or by in reach/outreach support.*

***Service Provider Benefits:***

*We opened our Centre on East Rd, Northallerton in September 2009, with a refurbished building and a new staff team. The Service has now worked with over 500 students, 16 of our local Schools and local educational institutions in addition to surrounding Local education Authorities. We provide support to students within the Centre, some at their homes or at local Colleges, others at alternative venues.*

*We are proud to have a committed and capable team of professionals who genuinely care about young people and who have generously given of their time to ensure that everyone has had the opportunity to be the very best they can be in all aspects of our work. We can assure you that the staff have really enjoyed working with all our students, and their parents/carers.*

**Provider Outcomes:**

*Hambleton and Richmondshire PRS aim to nurture and inspire each young person to :*

- *be confident in his or her own abilities*
- *have a positive outlook for their future*
- *achieve their academic potential*
- *participate and enjoy being involved in their learning*
- *be able to make informed decisions and carry them out*
- *be able to work with others and show them consideration*
- *be safe and secure*
- *feel empowered to be the best they can be in everything they do*

**HIGH ADVENTURE**  
Outdoor Education Centre

***Pastoral Support Offered:***

*Bespoke outdoor education courses ranging from personal development to GCSE sport assessments, BTEC and AQA award schemes. We operate a 150 bed residential centre on the edge of the Yorkshire Dales all year round and five summer camp tent villages around the UK which can each cater for groups of 240 operating from May to August. All venues provide our groups with a full multi activity outdoor pursuits programme along with accommodation, meals, specialist equipment and professional instruction. We also offer our 'proactive education' courses; a 1 day per week alternative education programme based from your location aiming to help engage and develop students who may be struggling within a traditional educational environment.*

***Service Provider Comments:***

*High Adventure was originally set up in 2001 by a small group of ex-teachers who wanted more from an outdoor centre than what was being offered. They started with a simple aim; To build an outdoor education centre with high levels of activity that is safe, fun and educational whilst also providing teacher friendly customer service. As professionals, safety and quality are our main priority. We provide enjoyment, achievement and adventure while promoting independence in a challenging, exciting yet controlled environment. Our specialist background makes us acutely aware of the needs of both staff and pupils on such visits. Please visit our website or call for further details on the activities and services we can provide.*

***Service Provider Benefits:***

*Challenge by choice. Re-engagement of students. life skills development. Physical and mental health improvements. Improved social interaction and inclusion. Fully inclusive programmes.*

**Provider Outcomes:**

*Increased attendance rates. 95% pass rate for students involved with Btec or AQA courses. Improved mental and physical health. High Levels of re-engagement into full time mainstream education environments.*

#### **Pastoral Support Offered:**

We are an IAG accredited training provider, and provide information, advice and guidance for all learners. All our educators specialise in providing individual support to their learners, through 1-1 meetings, which take place on the day the learner attends college. We aim to identify, and respond to issues raised as quickly as possible, taking the necessary steps to ensure they are dealt with in the most appropriate way.

#### **Service Provider Comments:**

Intuitions is an Independent training provider with over 25 years' experience delivering apprenticeships in Hairdressing, Barbering and Beauty Therapy. We pride ourselves on delivering high quality training delivered by qualified and experienced educators. We provide bespoke training to meet the needs of the individuals, within a small and supportive environment and our learners studying with us improve their functional skills levels 1-2.

#### **Service Provider Benefits:**

- Ofsted Grade 2 provider
- Small class sizes (Maximum 12)
- Experienced educators with current industry knowledge
- Courses offered from level 1-3
- Functional Skills maths and English delivery and integration

- Caring and supportive learning environment

### **Pastoral Support Offered:**

We work closely with the commissioning school or local authority service to provide additional support where needed. Included within our provision and cost are tutorial/intervention support sessions on a weekly basis in English or maths by appointment either in-person or online as appropriate. With pupils referred to us remaining on local roll then core pastoral services are typically provided by the commissioning school or local authority service.

Our facilities ensure that our students can work in a dedicated learning environment with access to a qualified teacher during their timetabled sessions. Each individual can be assured that all the staff will do their utmost to help, support and encourage the determination needed to complete and achieve their goals in a caring environment.

### **Service Provider Comments:**

Working with individual students and seek to develop confidence, understanding and attainment in our specialist subjects of English and maths. We deliver bespoke tuition from Year 1 to Y11 at a variety of levels and include SATs, 11+, GCSEs and A-Level preparation. We offer an initial assessment to identify areas of focus for each individual learner, creating a learning personalised programme for our learners, delivered by our qualified, experienced teachers. Formative assessment is provided after each session and summative assessments timetabled to show impact and progression.

Our students reflect the diverse nature of education and range from those requiring support to those seeking extension in attainment. In addition to private individual students and home tutored students, we support those enrolled from local schools to deliver intervention programmes. We are able to deliver sessions in a variety of settings including 'in-school', 'in-centre' or 'online' in accordance with their needs.

Working in partnership with local Exam Centres we can signpost our students to obtain GCSE qualifications to specific students as and when required. We aim to support the young person in a holistic way, to link their educational experiences with the world of work.

### Service Provider Benefits:

- OFSTED Registered Centre as an out of school hours childcare provision.
- DBS Checked, qualified and experienced teachers.
- Formative and summative assessment and reassessment process.
- Quantitative and qualitative results and progress tracking.
- Bespoke learning programme in line with the national curriculum that targets gaps and builds confidence for each individual student.
- Interactive, face to face and online learning platforms for flexibility.
- An extremely high standard of safeguarding and training.
- Proven methods and results.
- A highly experienced provider, with over 40 years face to face and 7 years online tutoring behind us.
- Able to provide CPD Level 2 and Level 3 Equivalent Qualifications through partnership organisations on request.

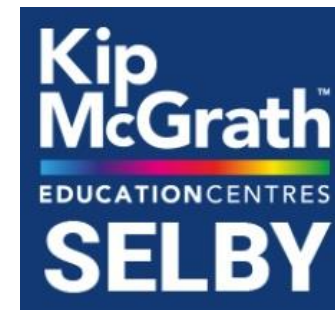

### Provider Outcomes:

Our aim is not only to raise self-esteem, confidence and attainment, but also to encourage individuals to build and develop independence and life skills. We offer bespoke and imaginative educational solutions for individuals, regardless of disability, to create a personalised and flexible support plan, reflecting identified goals, skills and needs in a caring and supportive environment.

**Website:** [www.kipmcgrath.co.uk/selby](http://www.kipmcgrath.co.uk/selby)

### **Pastoral Support Offered:**

At Kip McGrath Selby, we provide an alternative education. Many children who are not attending school receive tuition at home to meet their educational needs. The centre is very calm, quiet, relaxed, informal and welcoming. We understand that large classroom environments may not be suitable for all children. Some children thrive in a smaller group with more individual support. We welcome students who are home-schooled and work with parents to complement the learning taking place at home. We work closely with the local authority service or school to provide tailored support as well as working closely with our students, their families and schools to support, engage, encourage and educate them. We have a company dog who is often in centre who helps to give emotional support to the students she is called Mavis and she loves the students.

### **Service Provider Comments:**

Kip McGrath Selby strongly believes that every student should achieve their potential by ensuring they have effective Maths and English skills for education and beyond. We are flexible and supportive to provide bespoke programmes. We can deliver short, medium or long-term provision. All staff are fully qualified subject specialists with experience working with disengaged students. The sessions are taught by experienced and qualified teachers providing a personalised learning journey. Students can attend for one maths and/or English per day. We start with what the student “can do” and build their knowledge and skills to fill the gaps, rather than what is “expected” of their age related targets. There are different time slots during school hours and after school. Students can attend anywhere between one and four days per week to fit in with other placements. All resources and activities are aligned to the National Curriculum. Students enjoy collaboration of computer based and manual activities, broken down into manageable 15-minute chunks. Homework is provided each week to consolidate learning. Additional revision sessions are available closer to exam periods. Sessions are 60 minutes long.

### **Service Provider Benefits:**

All of our teachers have Qualified Teacher Status (QTS) and have a minimum of two years teaching experience in their subject field. We offer a bespoke and individualised curriculum with a focus on nurture, positive behaviour, resilience and a readiness to learn. We are flexible in the days and times and methods of delivery that we can provide. We have a learning environment, which can facilitate small groups and one-to-one provision. Our Learning Centre contains a classroom, IT facilities and a kitchenette. This is a suitable area for short-term turnaround placements of pupils who aren't currently able to access mainstream education or are at risk of exclusion. Knowledgeable staff who are able to support year 11 transitions into college/post-16 provision.

**Provider Outcomes:**

Acquisition of core skills to enable progression within education or employment. Effective transition to mainstream provision. Prevention of permanent exclusion. Improved and positive relationships with greater confidence, self-esteem and motivation.

***Service Provider Comments:***

We work with technically talented individuals to encourage and develop their computer skills. The training will be tailored to their particular skills and area of interest this could be programming, networking, databases, cyber security or computer graphics. We help develop skills and use technologies relevant for the workplace.

***Service Provider Benefits:***

Our work is focussed on working the student's strengths. By focussing on what they are interested in and developing and furthering those skills their self-confidence is boosted. Many of the young people have advanced skills and capabilities not understood by school, parents etc. We are able to harness and encourage those skills whilst providing guidance and support.

***Provider Outcomes:***

We have helped previous learners move onto apprenticeships, jobs and further/higher education.

***Pastoral Support Offered:***

*We, at Learning Trades Ltd nurture our students, many of whom have social, emotional and behavioural problems. We take an active interest in their lives outside of school. We seek support and advice from external agencies for sexual health, drugs and alcohol awareness, mental health support etc. for our students who need it. We encourage our students to adopt healthier lifestyles. Breakfast and lunch are provided.*

***Service Provider Comments:***

*Learning Trades Ltd offers quality education provision for students excluded from mainstream education or for those at risk of exclusion. Based on a farm, it offers a peaceful relaxing setting. Staff are experienced and very passionate about their work and have good relationships with our students. We offer education in Maths, English, B TEC Level One in an Introduction to Trades. Practical sessions take place on an afternoon. Careers guidance, work on interview techniques, CV writing, college applications. Preparation for adult life.*

***Service Provider Benefits:***

*Student numbers are capped to 10 per class with a teaching assistant and teacher in each class. Staff/student ratio one to five. Teaching staff get to know students very well and can nurture them. Well-equipped classrooms with IT equipment. Recreation activities for breaks. Practical activities every afternoon e.g., basic plumbing and electrics. Rewards scheme for academic effort and attendance.*

***Provider Outcomes:***

*Students often return to mainstream school successfully after spending time with ourselves. All last year's leavers have gone on to college courses or apprenticeships. Functional Skills Qualifications in Maths, English, and BTEC in an Introduction to Trades.*

***Pastoral Support Offered:***

*The Apprenticeship Academy is an alternative to school and a great opportunity to start your journey into the world of work. If you are aged 14 and over the Academy will enable you to study an apprenticeship as an alternative to the traditional Years 10 + 11 in school. It is ideal if you want to progress onto a higher level apprenticeship once you turn 16 and it will also provide a vocational learning route into Higher Education. You will have a dedicated mentor who will provide support inside and outside the classroom. The mentor will provide support with: attendance, punctuality, learning and with any personal issues that arise whilst studying at the Academy. You will also have a Business Coach who will help to develop work readiness and assist with career planning.*

***Service Provider Comments:***

*The Academy provides an exciting alternative to Years 10 + 11 by offering a different pathway into employment. The Academy will develop skilled, professional and enterprising young people who can make a significant contribution to the region's economy. Students who attend the Apprenticeship Academy will experience studying in a college environment and benefit from work related learning - working with state-of-the-art industry standard equipment and resources.*

***Service Provider Benefits:***

*You will have the opportunity to:*

- *Develop skills in areas valued by employers including enterprise and entrepreneurship.*
- *Develop professional skills and knowledge in employment areas demanded by the region.*
- *Learn vocationally-relevant skills in real work environments e.g. Training Restaurants and Commercial Enterprises including: Butchers, and Motor Vehicle Workshops on campus or elsewhere.*
- *Participate in meaningful work experience that is relevant to your chosen vocational area.*
- *Work on innovative industry based projects and challenges set by employers*
- *Access support from a Business Coach to help with future career options.*

***Provider Outcomes:***

100% of our learners progress successfully on to post 16 education or training. All students are given the tools to help them advance into further education, apprenticeships or employment.

***Pastoral Support Offered:***

*Pastoral support plays an important role with the learners we engage with. Staff provide pastoral support on a daily basis to learners to help them on their educational journey.*

***Service Provider Comments:***

*We are the only dedicated construction college in the country and our courses are for young people who are finding the typical school curriculum too challenging. Some of our qualifications form part of Progress Eight. Useful qualifications and experience gained at our training centre helps the learner make the transition from School to post 16 options such as apprenticeships or full time study programs within the Construction and Built Environment sector.*

***Service Provider Benefits:***

*The Skills Academy at Leeds College of Building has engaged students from all over the city and surrounding areas for more than 20 years. We have been achieving qualifications at a level that ensures the student reaches the best of their potential, promoting progression onto higher-level qualifications.*

***Provider Outcomes:***

*The Skill Academy has achieve a consistently high pass rate over the last 4 years and is currently predicted to be 97% with the vast majority of the learners progressing onto trade or supervisory courses within the college.*

***Pastoral Support Offered:***

*All students will be supported throughout the programme of study. Their individual needs will be assessed and recorded and updated as required. All staff are able to support and plan for all requirements.*

***Service Provider Comments:***

*This is a small unique facility which is suited to students who would struggle in a large mainstream or college setting. Our 14 - 16 provision is in great demand due to the vocational offer and progression outcomes we have especially for our Y11. We have students from Y9 TO Y11. Further information available on request. 16 - 25 Provision is an ESFA funded provision and we offer a 12-month study programme and a 12 month Supported Internship programme. Both programmes commence in September and we have a work placement/vocational training, employability and independent living skills as part of the programme along with English and Math.*

***Provider Info:***

*14 - 16 provision is through requests from schools no student direct referrals can be made. 16 - 25 referrals can be made by any form as long as you have the eligibility criteria 16 - 19 years old or up to 25 if you have an EHCP. A bursary may be available for those students who fit the criteria.*

***Provider Outcomes:***

14 - 16 Provision 100% Y11 made positive progression onto FE/Training/Apprenticeships - none were NEET (Academic year 20/21)  
 16-25 provision for academic year 20/21 had 78% positive progressions and Achievement of 86.1%. Also had a retention rate of 86% and attendance rate of 84.5%.

***Pastoral Support Offered:***

*Here at Pathways, we use sport and activity, to re-engage chronically disengaged students. Sport is proven to raise both aspirations, passion and most importantly: confidence and self-esteem. We want to allow all students regardless of academic ability to feel valued and enjoy their time within education. We also offer support to parents outside of hours, to ensure all of our young people's behaviour does not deteriorate, this support has proved popular in allowing us to build positive relationships with both our students and their families. (All students have the opportunity to access transport, activity costs and food whilst with us at no extra cost).*

***Service Provider Comments:***

*We are proud to have made a difference to many young people and local families' lives through building positive relationships with our young people. By having staff members who are positive role models for children, it has raised student's aspirations and in turn changed their outlook on education and its importance.*

***Provider Info:***

*Students can gain entry-level qualifications through our AQA Unit Award Scheme; these awards are in areas of interest and allow students to gain vital life skills. We tailor a bespoke programme for each child who attends our provision, which means they can gain awards for their areas of interest, to ensure they remain engaged. These life skills can include: budgeting, communication, work experience and many other skills. Due to our community links, we are also able to offer work experience for those KS4 students in potential career areas.*

***Provider Outcomes:***

*So far, we have allowed three young people to access mainstream education again, through a reintegration programme, which allows a phased return back into education. We have also supported young people through their youth offending programmes, to ensure their behavioural punishments have not escalated. All of our students whilst under our care have achieved 100% attendance due to their*

dedication to doing well. We have also seen an extremely positive change to students self-esteem and general well-being due to the opportunities and personal service they receive from the empathetic team of staff in place.

***Pastoral Support Offered:***

*This programme is aimed at students who are disengaged from mainstream school and may be struggling with attendance and behavioural issues. The focus will be to re-engage these students in a vocational setting and to develop their personal and professional skills to make them more employable in preparation for post 16 education. Students will gain key transferable skills in areas including problem solving, team work and time management. Our team of experienced staff aim to provide the appropriate resources, facilities and services for students to be successful in their chosen programme of study. All students on the bespoke programme will have a pastoral mentor who will support their studies on a group basis. Our team of dedicated Safeguarding and Welfare Officers are on hand to provide support and guidance for students. Assisting with any personal issues that might affect their education and time in College, they are here to keep students safe and motivate them to get the best results. The College Community is safeguarded with access control on all entrances.*

***Service Provider Comments:***

*Students will gain an overview of the key skills and knowledge relevant to their chosen course. Students can select from a choice of vocational subjects including hair & beauty, games design & media, health & care, art & design, construction and catering. They will work in a practical, vocational setting developing valuable employability skills. Students will have the opportunity to study towards their GCSE maths and English exams or functional Skills with the aim of re-engaging students through practical scenarios related to their career goals. The GCSE English and maths exam will be sat back at the School setting.*

***Service Provider Benefits:***

Students can select from a choice of vocational subjects including hair & beauty, games design & media, health & care, Construction & Engineering, and Hospitality & Catering. Students can benefit from a range of facilities including free access to College gym, discounts in our salons and food outlets and free College Wi-Fi across campus. Students can visit our Career Pod when they are based on the College site for information on the progression opportunities available on completion of their studies. Students will have the opportunity for additional support and Dyslexia screening if appropriate.

**Provider Outcomes:**

The courses are designed to equip students with the skills required to succeed in future training and the world of work with the majority of our 14-16 students progressing to full time courses with us after Year 11.

**Provider Name:** *Nisai Virtual Academy (Online)*  
**Address:** *Scotswood House, Teesdale  
South, Thornaby Place,  
Stockton-on-Tees, TS17 6SB*  
**Telephone:** *0208 424 8475*  
**Contact:** *Emma Gunn*  
**E-mail:** *emma.gunn@nisai.com*  
**Website** *www.nisai.com*

***Pastoral Support Offered:***

*The Nisai Virtual Academy offers a safe and secure platform for students to access their education. Our lessons are delivered in real time with a live teacher and other students in the group. This means that a student has the opportunity to ask questions and have open discussions within the classroom environment. The delivery of lessons is a mixture of visual, auditory and text chat. As well as students having live lessons they also have access to teacher and Form Tutor support if requested. Emotional and Wellbeing support or increased support with prioritising workloads can also be addressed by the students Form Tutor or our Student Officer when needed. Once a student has requested additional support, this is then accessed via our online platform. Nisai Virtual Academy also offer access to a wellbeing centre, social areas of the NVA and full access to student support services which include CIAG.*

***Service Provider Comments:***

*Nisai Virtual Academy takes all the positive aspects of a school and delivers this online - the classrooms, structured timetables, subject specialist teachers, a dedicated support team, extra-curricular activities and form tutors. We have a range of short and long-term courses available at Key Stage 3 and 4 and long term courses at Key Stage 5. We offer a variety of short-term interventions and booster courses with tried and tested success. Core Curriculum is our most popular short-term course providing up to 20 hours per week for up to 6 weeks. This is ideal for addressing immediate needs relating to issues to do with sickness and fixed term exclusions. Additionally, we have an extensive selection of long-term accredited courses to choose from including; Functional Skills, GCSEs and A Levels.*

***Service Provider Benefits:***

*The school benefits from having the evidence needed to show the provision made available to students, their attendance, behaviour and contribution / engagement levels. In addition on the long term programmes schools retain the control and awareness needed to support the students on their roll. It may be they have a number of students who are unable to cope with the classroom environment*

*but can work fine in an inclusion setting. Students can access the subjects they need and can be supervised by a member of staff who can support them in logging on if required. This takes away the need for a teacher working with a group of students who are studying different subjects at different levels. Nisai Virtual Academy also provides secure access to Parents and Schools. This access includes Course information, important policies and procedures, attendance information, assignment information and End Of Term Reporting. The information we supply has also been used as part of Ofsted Inspections. As well as ensuring that parents and schools have up to date information, they also have access to the regional Learning Services Manager who supports schools and families on an ongoing basis. This support can be Student/Parent/School Introductory meeting, delivery of on boarding and training for support staff, EHCP Reviews and demonstrations. This is done face to face. Each request for enrolment is unique and discussed on a case by case scenario. Once needs have been agreed, all of the additional services Nisai Virtual Academy provide for Schools/Parents/Students (Pre 16) are inclusive of overall cost.*

**Provider Outcomes:**

*\*\*The Nisai Group is the only online educational services organisation to have been through three Ofsted Inspections with a "Good" rating in November 2017\*\*. In a traditional school our cohort would consist of less than 10% of the entire student population, yet at Nisai 99% of our students have some form of barrier to learning. Outcomes are identified in many forms and at Nisai we focus on outcomes including exam results, academic progress and distance travelled in addition to social and soft skills progress and outcomes. Last year, 96.7% passed their GCSEs with 34% achieving a grade of 4 - 9. 75% of learners maintained or progressed in their working levels over the course of the academic year irrespective of when they started with Nisai with many joining Nisai at a point of disengagement from education. Given the difficulties many of our students have just accessing education this is something that we are positive about. Social outcomes are specific to the learner and can be everything from improving attendance, through to communication in front of their peers.*

**Pastoral Support Offered:**

Wild skills, teaching young people the survival and technical skills they need for adventures in the outdoors. Each session encourages young people to learn new skills, take on challenges and think creatively. These transferrable skills help develop confidence, self-awareness, responsibility and determination. Young people learn while having fun, connecting with others and the environment. An experience to remember!

**Service Provider Comments:**

Young people will take part in practical sessions within 1 hour drive of the school location. Students will be hands on and work with North York Moors National Park staff to complete much needed tasks which count towards the maintenance and care of the park.

**Service Provider Benefits:**

Benefits in improved working relationship with school staff, behaviour, attendance, patience, pride and determination. Students and staff are able to work towards the John Muir Discovery Award, an environmental award. All PPE is provided. Waterproofs and wellingtons can also be provided. School staff must accompany the group.

**Provider Outcomes:**

Personal development nurtured in responsibility, ownership, leadership, resilience, problem solving, behaviour, team work, social and environmental responsibility

### **Pastoral Support Offered:**

We offer both academic and non-clinical mental health support for anyone who is disengaged from education. Our interventions are bespoke, holistic and interim. We provide our own assessments to find out what our students need and go above and beyond to deliver. We match high-calibre, resilient professionals from the education and mental health sectors to deliver academic interventions combined with non-clinical mental health support that pioneers human conductivity alongside our five evidence-based cornerstones of a healthy body and mind: Movement; Creativity; Nutrition; Reflection and Rest.

### **Service Provider Comments:**

We deliver bespoke education interventions to anyone missing education for any reason at all - school refusers, those with SEND or SEMH needs, Looked After Children, young people with low self-esteem or aspirations - we support anyone who is struggling.

Our holistic interventions strive to overcome any barrier to learning whether social, emotional, behavioural or otherwise. We work with young people of all ages and at any point during the year - usually 1:1, sometimes in small groups. We assess academic levels, baseline cognitive and emotional capacity and take time to understand each young person's story. We learn from our students before we teach them. We also work closely with their families, care teams and schools to make sure that they transition to a place of stability, whatever that means for them.

Although each student is unique (making each intervention unique) they do share one thing in common: the right to education and to finding their path in life. We believe inclusion, not exclusion, is the answer.

We exist to eradicate disengagement from the face of the education sector, one child at a time.

**Service Provider Benefits:**

We provide everything from facilitating pick-ups, drop-offs and lunch, to assisting school or college transitions as undercover staff. We can attend PEP, LAC and other multi-agency meetings on behalf of the commissioner and also look to source the next permanent setting should this not be identified at point of referral.

We can also deliver non-clinical therapeutic interventions outside of normal school times where young people would benefit from resilience building and pattern interruption.

**Provider Outcomes:**

96% Engagement Rate

94% Successful Transition rate (Post 3 months)

89% Attendance rate

**Provider Name:** **Open Arms Ltd**  
**Address:** Three Lane Ends Farm,  
Escomb, Bishop Auckland,  
County Durham DL14 7SR  
**Telephone:** 01388 604637  
**Contact:** Mrs Christine Barratt - Atkin  
**E-mail:** enquiries@open-arms.org.uk  
**Website:** www.open-arms.org.uk

***Pastoral Support Offered:***

*Open Arms offers all students a tranquil environment in which to learn, keeping class sizes to a minimum and offering in depth student support via our staff mentors. We encourage strong parent and school links in order to ensure all young people that attend know that we work in conjunction with people they know. This often helps students settle in with us quicker and therefore aids in their progression. We offer various opportunities for students to develop not just academically but also by encouraging personal and social growth. We do this by offering various activities to promote healthy lifestyle choices as well as using outside agencies to come and talk with us all about various important topics that may have affected our young people.*

***Service Provider Comments:***

*Quality tuition in Maths and English - delivering Functional Skills. We have some students wishing to sit G.C.S.E qualifications and we work alongside staff from feeder schools to facilitate this. Every afternoon, students go off site to access a variety of sporting activities such as football, gym, martial arts, swimming, kayaking, high ropes, golf, bowling, roller blading and much more. Positive praise is very important - we have termly achievement certificates, a weekly award for maths, English and sport and end of term trips out - rewarding good attendance, behaviour and academic progress. Half termly reports are sent to feeder schools and we are in close contact with staff from feeder schools on a regular basis.*

***Service Provider Benefits:***

*Open Arms is an Alternative Education Provider based in a peaceful rural location on a farm. Based in a purpose built log cabin style building, we have three classrooms, office, kitchen and toilets. Staff / student ratio is small, allowing staff to get to know students well and support them both academically and personally. Quality teaching is delivered every morning and afternoons are spent enjoying a range of sporting activities which students embrace and develop skills, fitness and team work. Breakfast and lunch are provided on site. On the whole, students attending Open Arms tend to settle well, showing improvement in attendance, behaviour and attitude to learning. Some stay with us until the end of year 11 and are prepared for post 16 learning. Others move back to mainstream. For those*

wishing to benefit from animal therapy, we have two class dogs which have an very positive effect on our students and some students are allowed to access the stables on an afternoon which are based on the farm.

**Provider Outcomes:**

Our aim is to get students through various academic qualifications and vocational qualifications such as beauty and sports leadership awards. We offer high standard learning environments to ensure our students learn the skills needed to progress. Due to our links with schools we work hard to make sure all young people are comfortable with us knowing that we speak with the schools who have sent them to us and often work with schools and young people to get them back on track and help them prepare to return to mainstream.

**Prince's Trust**

**Pastoral Support Offered:**

The Achieve programme is run as a club in secondary schools and alternative education settings across the UK. We believe that every young person should have the opportunity to fulfil their potential. The Achieve team exists to support you and your organisation. We can work together to ensure your students achieve things that they can be proud of. Behind every individual success story is a dynamic support team.

What's involved?

Young people can get involved in activities such as:

- Personal development and employability - young people will gain a recognised Prince's Trust qualification
- Life skills - through engaging activities, topics such as resilience, breaking habits, health and wellbeing and employability will be explored
- Community projects - to develop their team-working skills and allow them a chance to discover new talents
- Literacy, language and numeracy - to gain essential skills to succeed in daily tasks such as money management
- Enterprise and the world of work - young people can experience what it takes to run a business and think about their career options

**Service Provider Comments:**

Since 1998, we've been delivering education programmes across the UK so we have a wealth of knowledge and experience in this field. Once you sign up, you'll be introduced to a friendly Prince's Trust Programme Executive who will become your coach for the Achieve programme. They'll provide you with in-depth training, support you to develop a programme tailored to your pupils' needs, check-in with you regularly to make sure you're getting on OK and be on hand in case you have any questions.

**Service Provider Benefits:**

Benefits of running the Achieve programme: Flexibility - Our curriculum offers a wide range of practical and relevant subjects to pick and choose from, so you can tailor the programme to your students' needs and interests. Clubs can be run for the same group of young people over two or three years, or over as a little as six weeks - depending on what is right for you and your group. Students

are empowered to take ownership of their work and be accountable for their own successes. The programme is customisable and youth-led; providing a supportive environment for them to fulfil their potential.

Booster activities - Through our network of partners, the Achieve programme can provide your group with exclusive opportunities for skill development. These enrichment activities provide young people with unique opportunities to develop vital life skills, discover new interests and learn about the world of work. In addition, these special opportunities can help you to achieve you broaden your STEM offer to young people as activities can include interactive workshops on topics such as: robotics, coding, app design and science experiments. High quality resources - Our online Learning Hub hosts a suite of high-quality session plans and resources which will act as a self-help guide through the curriculum. We've also included some handy hints on how to embed literacy, language and numeracy and STEM activities through the programme.

### **Pastoral Support Offered:**

PT Hub is an alternative education provider that offer a specialist service, grounded in the Thrive approach, for disengaged primary and secondary aged pupils. We specialise in supporting children with SEMH and also cater for pupils with other SEND and medical needs.

We believe that the Thrive approach provides a personalised, progressive, trauma-sensitive approach to meeting the emotional and social needs of children and young people. It supports them in becoming more self-confident, skilled and adaptable. It also supports us to address any challenged, or challenging, behaviours providing a firm foundation for academic success.

### **Service Provider Comments:**

We pride ourselves in establishing a safe physical and social environment and on securing positive relationships between teachers and pupils, and between pupils and their peers. This is because we believe that the culture, ethos and environment of a setting influences the health and wellbeing of children and young people and their readiness to learn. Therefore, students with good health and wellbeing are likely to achieve better academically. Our teachers support students to become more confident about their learning and develop a 'growth mindset', so that they believe their abilities can be developed through hard work and perseverance, even when faced with challenges. This enables children and young people to set goals, manage stress and organise their school work to achieve their potential.

Teachers are committed to providing good quality education that enables all young people to make good progress academically. Lessons and resources are carefully adapted to meet the needs of all students regardless of age or ability. Staff use a variety of teaching styles and resources to support learning. Through close liaison with family/carers and commissioners we provide bespoke 1:1 support for students, tailoring individual packages for each young person, taking into consideration their social and emotional needs. We provide regular reports on engagement and educational progress, and adapt provision to ensure that intervention plans, identify the needs and strategies which best suits their individual requirements.

**Service Provider Benefits:**

Principal Teachers Hub work with students who are at risk of exclusion, have been excluded, or are struggling with education. Admissions are made through a referral from schools, the Virtual School or can be made from parents directly who currently provide education from home.

We support students who are:

- already permanently excluded from school,
- currently excluded from school on a fixed term basis,
- school refusers,
- young offenders,
- identified with emotional or behavioural difficulties, SEND, SEMH,
- have medical needs,
- generally disengaged from education.

We are able to provide 1:1 teaching for students and offer online learning for students who are able to make academic progress but find accessing the conventional classroom setting challenging.

**Provider Outcomes:**

Thrive approach provides a personalised, progressive, trauma-sensitive approach to meeting the emotional and social needs of children and young people.

- Identify and support emotional and social needs in order to provide a firm foundation for academic success.
- 1:1 bespoke packages of education carefully matched to each individual students needs
- Flexible curriculum and timetables, designed to meet the requirements of a wide range of pupil needs.
- Principal Teachers Hub provides a high ratio of teacher to student in a small, quiet and well managed environment, allowing students settle quickly and feel safe.
- Principal Teachers Hub can provide one to one bespoke tuition in a variety of settings: school/home/library or other pre-approved venue: the tuition is flexible to meet the need of the student and the budget of the school/local authority.
- Principal Teachers Hub only use staff who are all highly skilled and experienced in working with children with SEMH, SEND and emotional or behavioural difficulties.
- Principal Teachers will attend a range of professional meetings to support collaborative working with multi-agencies. Staff have a good working knowledge of other agencies such as social care and CAMHS, which supports the assessment and reporting process.
- Strong qualifications offer including GCSE English and Mathematics, Functional Skills Reading, Writing, Speaking and Listening, Mathematics and ICT.

***Pastoral Support Offered: Yes***

***Service Provider Comments:***

*Reintegreat specialises in individual education interventions to young people either excluded, not attending or struggling to make progress within their educational environment. Young people that we often work with are: Excluded, NEET or disengaged, Challenging behaviour, Looked after Children, Specialist Educational Need, Have an Educational Health Care plan in place or Have Social Emotional and Mental Health Needs (SEMH). We work with a range of schools and educational settings to create and deliver individualised programmes of learning for young people. In addition to the educational and pastoral support, we also provide additional services where needed such as: Transitioning young people into previous or new settings. Outreach, to support Schools to avoid permanent exclusions. Support young people and their family to engage with the educational provider. We are based in Teesside and are passionate about supporting Local Authorities, academies and other establishments in working with challenging young people to ensure a positive outcome.*

***Service Provider Benefits:***

*Through professional and first-hand experience, we at Reintegreat understand that some young people struggle to make progress or to settle into their place of learning due to cognitive, emotional or social deficits, impacting their educational progress. The behaviours due to these barriers are displayed in many ways and can be seen as avoidance, anxiousness, maladaptive behaviour, poor attendance, medical issues, aggression and many other diverse forms. We at Reintegreat have worked in very challenging situations with young people that have diverse and complicated needs. We have vast experience with working within one of the leading alternative providers within the North East. Our experience was then taken into other schools and Educational settings to help staff deal with their own challenging young people. Early intervention for these young people is the key to success in securing positive outcomes for all parties involved.*

***Provider Outcomes:***

*We work with Local Authorities, schools and other educational facilities throughout the North East of England. Our team of educational specialists work closely with young people to set SMART targets to help them to succeed in their learning.*

*Reintegreat aims to remove barriers to learning, re-engage the love of learning and reintegrate back into an educational setting.*

*Our aim is to provide alternative learning in a safe and caring environment that supports young people to achieve their full potential.*

**Name:** Right Trax Ltd  
**Address:** Seamer Grange Farm, Seamer  
North Yorkshire, TS9 5LY  
**Telephone:** 7792534730  
**Contact:** Gary Elliston  
**E-mail:** [righttraxmc@aol.com](mailto:righttraxmc@aol.com)  
**Website:** [www.right-trax.com](http://www.right-trax.com)

#### **Pastoral Support Offered:**

Right Trax was set up in 2004 targeting young people to ride motorcycles as a means of redirecting antisocial behaviour. Over the years the company has moved on and developed a number of courses to instruct and assist young people in basic motorcycle maintenance and riding skills, offering an exciting and positive learning experience. All students will receive impartial guidance covering their choice of learning programme. Additional resources can then be put in place to support the young people who require additional learning needs.

#### **Service Provider Comments:**

From experience we found that young people who have been excluded or at risk from exclusion from school require an environment where they can gather hands on evidence from completing practical assignments relating not only to the maintenance of the motorcycles but softer skills such as team building, working on their own initiative, communication skills & health and safety.

#### **Service Provider Benefits:**

The courses on offer are accredited by NOCN and BTEC working to Quality Curriculum Framework (QCF) standards and are aimed at the 12-16 age group and post 16. As the qualifications lend themselves to short courses the students are able to dip in and out of units, returning to courses if they have not fully completed them in the first instance. We run short or long term courses ranging from 6 to 36 weeks, tailoring the courses to meet the needs of the students. Also the young people have the added value of learning to ride a motorcycle in a structured and managed area.

#### **Provider Outcomes:**

Right Trax Statistics 2019 - 629 Students enrolled on a course, 555 Students achieved a qualification, 1248 units were achieved, 2.25 average unit per student.

**Pastoral Support Offered:**

Ryedale Special Families provide a holistic support service to the SEND student. Key Workers are responsible for day to day pastoral support and get to know the student and their family to ensure the student feels safe and well supported.

**Service Provider Comments:**

All tutoring support is provided on a 1 to 1 basis and 2 to 1 support is available where required. Where SEND children are disengaged with school we will provide a flexible plan to build relationships and improve self-esteem, in order to engage with learning again. We will work with the young person in areas of their personal preference with educational skills incorporated. Additionally, we can provide transition and independence skills including cooking, travel training, financial skills and activities, which encourage positive physical and mental health. Our Project Leader will liaise and communicate with parents/carers and other partners and attend relevant meetings. We work to ensure that every young person can fulfil their potential.

**Service Provider Benefits:**

SEND specialists, our team are experienced in working with disengaged learners and have a wide range of relevant skills and experience. We ensure a good match of tutor to learner. We work flexibly with partners to provide a holistic service. Personalised and flexible support which can be provided in the home or at an external venue. Accessible transport options are available if required.

**Provider Outcomes:**

- Flexible learning options which allows the student to complete appropriate awards and remain enthusiastic about learning
- Transitional skills to enable the student to move onto an appropriate post 16 provision

- Build positive relationships, increase self-esteem and confidence
- Increased enthusiasm about learning and encouraging students to have a positive outlook for their future.

***Pastoral Support Offered:***

*Scarborough Pupil Referral Service regards every student as unique and staff at the SPRS are committed to providing quality teaching that ensures all children make at least good progress with their learning. Lessons and resources are carefully differentiated to meet the needs of all children regardless of age or ability. Staff use a variety of teaching styles and resources in lessons to support learning. T.A. support is available in some lessons and is targeted to support where most needed.*

***Service Provider Comments:***

*Admissions to the Scarborough Pupil Referral Service are by referral from schools through the Scarborough Collaborative. We offer both Statutory and Discretionary places. Places are offered on a needs-led basis and can happen very quickly.*

*Statutory placements consist of a bespoke programme of study and experience for pupils:*

- Who have been permanently excluded from school*
- Medical pupils who cannot access full time mainstream education*
- Pupils involved with the Youth Justice Service*
- Pupils directed to us by the Local Authority*

***Service Provider Benefits:***

*We have staff who support both individual and groups of children throughout school who are all highly skilled and experienced in working with children with special needs. Sometimes we have on roll children who require a high level of individual support and we have a range of strategies to address their specific needs. A key objective of ours is to help children to become more independent in lessons*

**Provider Outcomes:**

*Pupils' progress is improving in English. Seventy-five per cent of pupils are making expected or accelerated progress from their identified starting point. Despite the gaps in their learning, due to being out of school for long periods, they are catching up to their age-related expectations. In mathematics, 89% of pupils are progressing rapidly towards their age-related expectations. Personalised pathways for learning ensure that pupils' work is well matched to their needs and minimises any gaps in pupils' learning as a result of time spent out of school. This enables pupils to make accelerated progress in this subject. The vast majority of pupils make steady progress from their starting points in science.*

*All 14-16 students have an identified Co-ordinator who is responsible for monitoring attendance, liaising with key schools and outside agencies and offering support and guidance. Selby College has a guidance and Support Team that provides pastoral support to all students aged 16+. Where 14-16 students infill into a 16+ group they will receive the same pastoral tutorial programme as the 16+ students, which involves monitoring and support as well as career guidance and progression. If there is a need for a bespoke 14-16 group then pastoral support will still be provided through a tutorial programme.*

***Service Provider Comments:***

*Selby College is a tertiary college that provides A-levels, vocational courses and apprenticeships for 16+ students at a range of levels; as well as offering various adult and HE courses for students over the age of 18. The college aims to be an excellent provider of education and training, meeting the needs of our community and employers and supporting our young people to achieve their potential through good quality teaching, learning and assessment and raising aspirations. Thanks to huge investment over the years Selby College now boasts some of the most up to date buildings and facilities of any education provider in the area.*

***Service Provider Benefits:***

*Selby College has dedicated, experienced staff who deliver a range of programmes at different levels. Staff have knowledge and understanding of working with young people and providing quality teaching to enable students to achieve their career goal and maintain high aspirations. The Guidance and Support pastoral team provide excellent social and emotional support within a caring and safe environment.*

***Pastoral Support Offered:***

*We are a secondary Alternative Provision Academy that provides full and part-time education and support for children and young people who, for a variety of reasons, are unable to access mainstream education. Inclusion is at the heart of everything that we do and we have a renowned reputation for working positively and purposefully with young people and their families to support them through periods of difficulty and challenge. Our motto, 'A Chance to Succeed' is extremely important to us: our expectations of all who work here, staff and students, are extremely high!*

***Service Provider Comments:***

*Our goal is to provide all children and young people with an appropriate and carefully considered range of opportunities. This enables them to gain personal fulfilment through learning by developing positive self-esteem and helps them unlock their academic potential. By taking into account the wider social and emotional needs of each individual, all staff work exceptionally hard to transform students' motivation and develop the whole child spiritually, emotionally, morally, socially and intellectually. Much of our work involves liaison with a wide range of other agencies in order to ensure that our youngsters, and their families, are appropriately supported. We have excellent working relationships with our mainstream schools and support the reintegration of learners into full time education into school, further education or employment.*

***Service Provider Benefits:***

*Springwell Harrogate caters for pupils with emotional, behavioural and social difficulties. It provides for children and young people from diverse social and emotional backgrounds who have a wide variety of complex needs and abilities ranging from high academic ability to autistic spectrum disorders, moderate and sometimes severe learning needs. Many of our pupils come from vulnerable groups, some*

are undergoing Statutory Assessment and some have Statements of Special Educational Need or Education, Health and Care Plans (EHCP).

*Springwell Harrogate believes that the school curriculum comprises all learning and other experiences which are planned for its pupils and that the National Curriculum and NURTURE curriculum are an essential part of this. We believe a well-planned and robust curriculum is a fundamental route to the social, emotional and behavioural development, and overall well-being, of our pupils.org.uk*

**Provider Outcomes:**

*Springwell Harrogate aspires to provide a therapeutic and nurturing environment by recreating as far as possible a family environment for each of its young people. The intention is to understand each child's needs through a series of evidence-based interventions that generate an individual learning and pastoral plan. The curriculum will seek to:*

*Build affective bonds: Staff will help children to build positive, trusting relationships with others in an inclusive social environment where respect for the individual needs and identity is the foundation for building effective social relationships.*

*Cognitive restructure: Children will be given pastoral and curriculum opportunities to develop strategies for managing their emotions and behaviour effectively. They will have access to dedicated professionals who will help them to recognise their own emotional and mental states, such as triggers for anger, and conduct systematic therapeutic work to develop individual self-help strategies to combat negative or destructive thought patterns and create positive strategies for mental well-being such as perspective-taking and psychological resilience. Children will be encouraged to see themselves as active agents in changing their behavioural habits with the active support of staff.*

*Emotional literacy: Children will be taught how to express emotions more effectively and to empathise with others. Children will be taught to be more self-reflective and self-aware and given strategies to manage conflicts at home, with peers and with adults. Numerous opportunities to practise and develop social skills in different social situations will encourage a more broad-minded openness to other people and the local community.*

*Develop the self through behavioural modelling: Staff will model effective social relationships and social skills. The need to solve social problems through positive engagement with others and constructive dialogue is central to the Grove approach. Appropriate and positive adults role models will seek to build trust relationships and a positive sense of self. Staff will communicate compassion, affection and care with clear behavioural expectations and boundaries.*

*Relaxation and therapeutic opportunities: All children will have access to a range of therapeutic activities through the pastoral curriculum. This will include the appreciation of the beauty of the natural world, care for the environment. The therapeutic power of creativity to express emotional and mental states will pervade the curriculum.*

*Consensual goal setting: target setting for an individualised pastoral and academic curriculum will be informed by recognised assessments. Families and students will be encouraged to play an active role in making choices and a sense of control in shaping their curriculum through shared achievable aims and goals.*

***Pastoral Support Offered:***

*Students are part of the L2 provision in Stockton 6th Form. They are based in a bespoke area on the top floor with a few key staff. Strong Relationships will be built as their form tutor is also likely to teach them for their vocational option and also one of Maths or English. Sharon Moore the inclusion manager is based on that floor and she will manage the placement. There is a quiet space for break and lunch if required. Pre 16 students will stay on site. Support staff are also based on this floor for students who need it. Students will take part in PHSE lessons within tutorial sessions and complete the employability qualification. Contact with home school will be maintained and visits encouraged.*

***Service Provider Comments:***

*Package is based on a 3 day week (Tue to Thurs). The courses are all at level 2 and the student will be blended in to our existing provision and be part of college life. Students will sit English and Maths either at GCSE or Functional Skills dependent on ability. A further L2 course in employability is delivered in tutor time. Students then choose 1 vocational course out of Health and social care, Construction or Digital promotion for business, A possible 4 qualifications. Bespoke packages are available under discussion and we welcome enquiries. The full cost covering all four courses is £90 per day. School to provide transport. Further add-ons can be discussed for example 1-1 tutoring or TA support, Careers support at additional costs.*

***Service Provider Benefits:***

*Established 6th form provider. More mature surroundings and role models. No uniform. Successful in previous placements and very inclusive. The manager runs two SEMH provisions across Redcar and Cleveland and Stockton LEA for pre 16 students. Staff are very experienced. Clear pathways for successful students into further L2 study or L3 courses in all the vocational choices within the college for Post 16. Careers specialists on site to aid applications to FE or apprenticeships. Scope to offer work placements. Ofsted Good*

***Provider Outcomes:***

*Stockton 6th form is Ofsted Good April 2019. Level 2 pass rate above national average in 6th form resits for English and Maths over 50%. In the vocational subjects 100% of students passed in 2019/20. All but 3 passed Employability. Maths Functional skills had a 65% pass rate at L2.*

***Pastoral Support Offered:***

*Our Pastoral Leader is responsible for leading and coordinating safeguarding, pupil welfare, intervention, attendance and behaviour systems. The PL works closely with pupils, parents, staff and outside agencies on a daily basis. 1-1 and small group setting intervention is a key aspect of our pastoral support. Strive offers a more flexible, personalised curriculum, smaller class sizes with a ratio of 2 staff members to 6 pupils. Nurture and therapeutic approaches, coaching, mentoring and bespoke support also play a crucial role in the wrap around pastoral care we provide. Strive works in close partnership with EsSEntials Consultancy, who provide all SENCo assessments and support for our pupils.*

***Service Provider Comments:***

*Through a comprehensive admission and induction process, Strive will use a series of assessment and screening processes to identify and understand any barriers to learning. A tailored learning plan that will include interventions, support and therapeutic approaches will be designed and built within a pupil's timetable. Strive offers a stimulating, diverse and sequenced curriculum that is aimed at re-engaging pupil's interest in education. Being educated at Strive allows pupils to access personal and tailored learning that has a high level of support, in an environment that allows them to thrive and achieve.*

*The statements below define the activities we will undertake in pursuit of our vision; create & deliver an alternative curriculum for young people which is innovative, holistic, encourages collaborative working, positive progression and promotes independence. Provide advice and support to young people, signposting to other agencies as appropriate. Work only with organisations which work with young people to ensure they are listened to and their individual needs are met.*

### **Service Provider Benefits:**

*Excellent town centre building. Recently undergone renovation to include on-site Hair & Beauty Salon, 2 purpose built classrooms, ICT suite, modern kitchen, pupil common room, meeting room and office/reception. The curriculum is implemented by dedicated professionals who are skilled and experienced in their specific area of delivery. Classes are designed to have 5-6 learners in one class with a subject teacher plus a teaching assistant, providing tuition, support and guidance. The impact of this is that pupils have the greatest opportunity to gain a fulfilling and successful experience here at Strive.*

### **Provider Outcomes:**

*The following measures are aspects that will form a major benchmark in the progress of our pupils: Improved regulation of emotions, increased attendance, improved physical and mental well-being, improved engagement with education and an improved attitude. A reduction in dysfunctional behaviours, exclusions or referrals. Improved sense of direction and self, including changes in self-esteem, confidence, motivation, and health awareness. Improvement in developing and sustaining relationships (with family, staff and peers) including changes in the ability to communicate, show mutual respect, and work with others. Pupils will aspire to go on to successfully reintegrate back to mainstream school where they will thrive, learn and succeed by continuing the progress made at Strive. Most programmes are accredited with BTEC or Functional skills. An additional outcome aim for Y11 pupils is to provide the tools to enable them to pursue college, apprenticeships, further training or employment opportunities.*

***Pastoral Support Offered:***

*We provide support to help young people with Additional Educational Needs (including Learning Difficulties, and SEMH needs) to re-engage with education, or to re-integrate into full-time educational provisions. Our support includes social, emotional and mental health support, trauma informed practice, positive relationship building between tutor and pupil, full Welfare and Safeguarding Team support for all C&YP, and support engaging with parents/ carers as well as directly with pupil.*

***Service Provider Comments:***

*Targeted Provision provides interim support for C&YP who are dis-engaged from education, or for those who's Additional Educational Needs mean that they struggle to access mainstream/ full-time education. Our tutors are all qualified teachers, who have 3+years' experience working with vulnerable young people. They prioritise incorporating the young person's interests into sessions in order to develop positive relationships with them. Once established, the tutor then works with the young person to re-engage them with education and fill gaps in their learning. This relationship between tutor and pupil can then be utilised to support the young person to get back into school.*

***Service Provider Benefits:***

*In addition to the tutor, we provide a Team Around the Child in the form of our SENDCo, Designated Safeguarding Team, and EWOs. This team are responsible for the CYP's welfare while in our provision and can:*

- o Support families and care homes to ensure the CYP's engagement with our provision is maximised*
- o Attend EHCP review meetings and feed into the Graduated Response with schools and other education providers*
- o Attend CIN, PEP review and other strategy meeting*

*In fulfilling our statutory obligation, they are always a point of contact for any safeguarding or welfare concerns that tutors may raise. For every young person we support, the referring party (school or local authority team) will receive weekly reports on attendance, engagement and progress. These reports can be shared with other stakeholders (i.e. CAMHS, Youth Offending Team, social services as requested). At the end of each placement, a detailed conclusive report will be provided, which identifies progress towards outcomes.*

**Provider Outcomes:**

At the start of each placement, we ask that schools (or the referring party if not a school) provide us with desired academic, social/emotional and reintegration outcomes for the young person. Often these are taken from the EHCP or PEP, but they can be decided by any adult who works with the young person and knows them well. Our tutors use their expertise to plan schemes of work and resources to meet these outcomes. They then provide updates in their session reports, and in their conclusive reports, about the young person's progress towards their outcomes. Last academic year, we support 550 young people. Of these, 92% made progress towards, or met their targets and re-engaged with our provision better than they had previously. We supported c.50 young people to reintegrate into full-time education, and provided valuable insight when targets were not met as to possible next steps..

***Pastoral Support Offered:***

*Named teacher. One classroom. Personalised timetables. 1:1 support if needed. Frequent contact with home. Three parents days / evenings per year. Regular review meetings. Regular guest speakers. Therapy dog in school. Regular access to local farm. Referrals to local agencies. Programme of interventions. Focus of healthy lifestyles and wellbeing.*

***Service Provider Comments:***

*The Alternative School is inspired by a belief that we can make a difference to every young person we work with by listening, raising aspirations and tailoring what we do to meet the needs of the individual. We believe that everyone has the potential to succeed and with our more holistic approach of nurture, academic achievement, vocational opportunities and inclusion for all, we aim to ensure that time spent with TAS is both enjoyable and successful.*

*Our Principles The TAS strategy is built on five principles: 1) Support by providing an environment which supports the learning and inclusion of all young people through using a holistic approach around individual needs, lifestyle, health, well-being and academic study 2) Educate Through a unique, individualised, FUN yet challenging education experience of the highest attainable standard working towards Nationally Recognised Qualifications 3) Encourage Independence By encouraging young people to take responsibility for their own learning and personal development through a structured programme of lessons and activities enabling pupils to build a unique portfolio of achievements and experiences ready for moving onto college or employment 4) Inspire and Motivate By believing that ALL young people can achieve qualifications and have a positive learning experience.*

*We will help to facilitate this by providing relevant qualifications that are recognised by both employers and further education providers, supported by a wide range of adventurous outdoor activities and The Duke of Edinburgh Award 5) Partnership Working With a wide range of multi agencies and organisations to provide a well-rounded & individual programme which could include working with, Speech Therapists, Occupational Therapy, Psychologists, Counsellors, NHS, Young People Service, Employers, FE Colleges, Universities and Business Enterprise Projects, TAS Mission & Vision.*

The statements below define the activities we will undertake in pursuit of our vision; create & deliver an alternative curriculum for young people which is innovative, holistic, encourages collaborative working, positive progression and promotes independence. Provide advice and support to young people, signposting to other agencies as appropriate. Work only with organisations which work with young people to ensure they are listened to and their individual needs are met.

**Service Provider Benefits:**

Supported, nurturing environment. Strong bond with named teacher. All lessons taught in one classroom so there is no stress of moving classrooms between lessons. Curriculum that is chunked to allow qualifications to be gained each half term. TAS takes an approach of working with the pupil and parents to come up with plan that allows suits the young person. Personalised timetable that promotes positive engagement with education. Strong focus on PSD and improving self-esteem and confidence through community based projects and taught sessions. The curriculum can be tailored to suit the needs of the pupil if requested.

**Provider Outcomes:**

All pupils leave with a maths and an English qualification. 100% of our pupils progress onto college or onto apprenticeships. TAS will continue to work worth and support pupils with their transition to college.

**Website:** *www.thebungalowpartnership.co.uk*

***Pastoral Support Offered:***

*The Bungalow Partnership provides support to children, young people, families and professionals. We offer a range of therapeutic interventions and direct mentoring support to young people who are experiencing emotional distress or behavioural difficulties. We work within schools, at children's centres within the local community and at home (when appropriate). Our specialist team have a wide range of experience to ensure that we can support young people from 18months to 21 years of age (and beyond). We use creative approaches to engage and support young people to better express themselves and to help them manage the exploration of their experiences, thoughts and feelings in a controlled way that offers them security and felt safety. We also understand that when a child or young person experiences uncertainty and distress, that there is a wider impact on the whole family. We therefore provide family support to those in need of a systemic approach. We shape our support to fit the needs of each individual or family.*

***Service Provider Comments:***

*The Bungalow Partnership welcomes enquiries from schools, social care departments and private clients. We have very positive relationships with schools across Teesside and offer a very broad spectrum of support.*

***Service Provider Benefits:***

*The Bungalow Partnership prides itself on our ability to capture the voice of the child and this shapes the way in which we plan and deliver our service. Our work is flexible and responsive to each clients need and we therefore are able to engage young people who may not otherwise have found success in engaging with different educational and support provisions. Our therapies include art therapy, play therapy, psychotherapeutic counselling, counselling, Filial therapy, Child Parent Relationship Therapy, EMDR and integrative and systemic approaches. This wide menu of approaches ensures that we can assess which therapy best matches the need of each client.*

**Provider Outcomes:**

*\* To improve the emotional wellbeing of children and young people. \* To support children and young people to recover from early life disruptions, trauma and loss. \* To support children and young people to engage and succeed in education, by removing the barriers to their engagement. \* To support families to thrive within their relationships with each other. \* To support young people to have awareness of healthy relationships with peers and partners. \* To support professionals to become more aware of the impacts of certain life events and situations that interrupt healthy emotional development in children and young people. \* To support the emotional wellbeing of professionals through our Care to Share (Supervision and Emotional Wellbeing Service).*

***Pastoral Support Offered:***

*At the school we are committed to providing a personalised and flexible provision for students who, for whatever reason, are currently unable to access main stream education.*

*Our students can expect:*

*To be treated with respect.*

*To be listened to.*

*To be challenged to work to their full potential.*

*That we will go the extra mile to make the difference that is meaningful to them.*

***Service Provider Comments:***

*All students who attend The Rubicon Centre require a referral supported by evidence that their mainstream school have explored all possible support for the pupil including referral to other agencies as set out in the Ladder of Intervention. The schools that The Rubicon Centre support are Barlby High School, Selby High School, Brayton Academy, Sherburn High School, Tadcaster Grammar School and Holy Family Catholic High School.*

*All admissions are arranged through Local Area Inclusion Panels, which consist of Head teachers and senior colleagues from the local area, other educational professionals including Local Authority representatives and the head teacher of the AP at The Rubicon Centre. All admissions to NYAP require close dialogue and liaison between schools, parents and the Rubicon Centre to ensure the best continuum of provision for the student concerned. A contract between the school and The Rubicon Centre will be undertaken to ensure clarity from all parties to work together effectively.*

**Service Provider Benefits:**

*We will strive to be an outstanding school that makes a real difference to the lives of the young people in our care. We aim to develop responsible young people of whom we can all be proud and who achieve more than they ever believed possible.*

**Provider Outcomes:**

*"Overall effectiveness good, Leadership and Management good, Teaching and Learning good, Personal Development, Behaviour and Welfare good, Outcomes for pupils good" - Ofsted*

*Teachers chose interesting tasks, which meet pupils needs, allow them to be successful and equip them with the personal skills to make progress - Ofsted*

We work closely with our students, their parents and schools to help support, encourage, engage and educate while steering them in right direction. Helping them gain valuable accreditation, employability and social skills, team work and perseverance skills based in a very unique and welcoming mechanical workshop which they will carry forward with them. We have a very strong staff team of positive male role models who are experts at building up brilliant relationships with students and help them on their journey.

**Service Provider Comments:**

We pride ourselves on offering a very high quality bespoke service positively engaging with some of the most difficult and hard to reach young people in York, North Yorkshire and the surrounding areas. Designed specifically to educate, engage and motivate Young people and Adults allowing them to get stuck into motor mechanics in a vibrant and inspiring atmosphere. From changing a car wheel, to in-depth motorcycle engine work, our flexible bespoke learning packages will cater for all young people.

**Service Provider Benefits:**

Exciting and unique provision based around motor vehicles. Students will receive accreditation in the form of AQA unit award certificates. Our staff are extremely good at developing student's soft and social skills allowing doors to be opened to access education based learning.

**Provider Outcomes:**

We have a very high attendance rate with some of the most hard to reach young people in York, North Yorkshire and the wider area. Students work through a personalised folder starting with basic mechanical processes and tool identification through to advanced motor mechanics developing their mechanical skills, problem solving skills, social skills and team work all while achieving AQA unit award certificates in a variety of different areas. We run small group sizes of up to 8 young people working with 4 tutors allowing for great focused work, relationship building and positive forward movement.
