Safety and Quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of Genuine Accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users.

The star logo has always signified allure, perfection and responsibility – attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness – not to mention their already outstanding comfort. That special sense of design and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense just by looking, listening, touching – and of course driving.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz partner has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Light-alloy wheels are supplied without tyres, wheel bolts, valve caps or hub caps.
Any necessary assembly may incur additional costs.

Choose your favourite wheels online. Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at <http://configurator.mercedes-benz-accessories.com>.

Tailored solutions. Child safety.

If your vehicle features automatic front passenger airbag deactivation (SA Code U10), sensor readings classify the occupant by weight. With rear-facing child seats, the front passenger airbag is deactivated, while with front-facing child seats the airbag is either activated or deactivated depending on the classification. The system works both when using i-Size/ISOFIX attachment points and when

the child seat is attached using only the seat belt. Mercedes-Benz child seats are available in the “Limited Black” design. The covers are washable and very hardwearing. Replacement headrest covers are available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in chilli red and flannel grey.

	Saloon	Estate	Coupé	Cabriolet	Item number
01 “KIDFIX” child seat. Booster seat with height-adjustable backrest with side bolsters for side impact protection. The “KIDFIX” seat can be secured using the ISOFIT attachment system in addition to the three-point seat belt. For children between the ages of around 3.5 and 12 years (15 to 36 kg).	●	●	●	●	A000 970 5900
02 “KIDFIX XP” child seat, with ISOFIT. Support and safety for older children too: the quality “KIDFIX XP” child seat is suitable for children between the ages of around 3.5 and 12 years (15 to 36 kg) and is securely attached to the vehicle by means of the 3-point seat belt or, in addition, ISOFIT. If required, the backrest can be removed so that the “KIDFIX XP” can be used as a booster seat.	●	●	●	●	A000 970 6100
03 “DUO plus” child seat. Offers safety for children between the ages of around 9 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable harness, ventilation channels and ISOFIX attachment points. Adjustable tilt.	●	●	●	●	A000 970 5800
04 “BABY-SAFE plus II” child seat. Offers safety through deep, moulded seat design for impressive side impact protection. Special padding, designed to protect particularly vulnerable body areas of infants up to around 15 months (up to 13 kg).	●	●	●	●	A000 970 5700
