Hobie Alter - 1962

HOBIE INNOVATION

Building high quality, high performance boards is something we have done for over 60 years.

Hobie Alter's genius and innovation has helped shape and change an entire global culture of water sports enthusiasts. From sailing to surfing to kayaking, Hobie Alter's creations have made being on the water easier and more enjoyable.

As an industry leader in board manufacturing since 1950, Hobie has established an innate knowledge of what it takes to make a high quality product and the right combination of materials to do it. With established production facilities in Dana Point, California, Hobie Stand Up Paddleboards has been on the developmental forefront of the stand up paddle industry since its early beginnings in 2006.

Hobie has continued the innovative tradition with our lineup of stand up paddleboards. Utilizing and bringing together proven board and boat building technologies, Hobie has developed a spectrum of stand up paddleboards to fit almost every paddler's needs.

BOARD CONSTRUCTION

A board's construction is almost as important as its shape and is selected based on strength, weight, price and most importantly performance. From our molded constructions that ensure strength and consistency of shape to our high-performance light weight gravity laminations. We look at each board series independently, and select the best suited construction.

STRENGTH-WEIGHT-PRICE RATIO (S-W-PR)

Below is our S-W-PR scale that will help you find the board and construction that best meets your needs. All of our boards are very strong and light. All fin boxes, handles, hold downs and leash plugs are installed into high density foam for extra strength in all of our molded boards. In all SUP manufacturing there are big variations in strength, weight, price and performance.

Strength = S1 (Durable) to S5 (Less Durable)

Weight = W1 (Lighter) to W5 (Heavier)

CONSTRUCTION	STRENGTH	WEIGHT	PRICE RANGE
BCX4	S2	W3	\$\$\$
XLL	S4	W2	\$\$\$
XHL	S4	W2	\$\$\$\$
CLK	S5	W1	\$\$\$\$\$

BOARD TECHNOLOGY

HOBIE INTEGRATED HANDLE

Integrated Security Bar

A high strength, stainless steel bar has been built in to the Hobie handle. This allows the board to be secured using a simple cable lock.

Ergonomic Hand Hold

Contour molded, hand hold designed for easy access and a secure and comfortable grip.

HOBIE 2-WAY V - VENTING SYSTEM

A unique hassle free two-way vent system that equalizes pressure due to temperature or altitude variation.

Laguna Beach, California

33° 32' 32.78" N 117° 47' 7.28" W

ATRV3 SERIES

A board designed for any occasion

Classic and approachable, the ATRv3 series is one of the best all-around recreational boards. In its third generation, this series showcases versatility, form, and function. Novice or expert, child or adult, the ATRv3 provides an unforgettable experience for everyone.

VENTURE SERIES

True multi-use boards that deliver in all conditions

Experience the thrill of these multi-use boards—racing, touring, surfing and distance; you will never have to choose just one. The Touring Series, designed for the all-around paddler, handles it all. Whether you're headed upwind, downwind, on flat waters or through side chop, these boards perform exceptionally in a variety of conditions.

Hobie INFLATABLES

Incorporating many of the same technical design aspects from the rest of the Hobie SUP line, the Hobie Inflatable Series makes stand up paddling easy, fun, and portable. Perfect for families or travelers on the go, the entire Hobie Inflatable Series stores neatly and compact, and can be ready to go in a matter of minutes.

INFLATABLE FEATURES:

- Diagonal dot pattern drop-stitch construction
- Inflatable to 18 PSI
- Rigid under foot plates for added board stiffness
- High pressure spring valve for quick and easy inflation and deflation
- ¾ length EVA foot pad provides grip and comfort
- Built-in convenient carry handle
- Removable Phase 4 Surfboard Fin
- Stainless steel D-rings on some models for tying off to boats, docks, etc.
- Bungee® tie-down system, on some models

STAND UP PADDLE STABILITY SYSTEM

An innovative system developed by Hobie, the S3 control plates provide additional stability and rigidity in key areas of the board, providing a superior paddling experience yet maintaining optimal portability.

KIT INCLUDES:

Inflatable SUP Roller Bag, 2 Phase Pump with Gauge, EXP 3-piece Paddle (not included with Ascend Race Inflatable Models), Repair Kit

High Pressure Spring Valve

3/4 Length EVA Foot Pad

Rigid Under Foot Plates

COLIN McPHILLIPS SERIES

A high performance series for serious SUP surfing

The Colin McPhillips Series of boards are designed to perform when and where you need it the most. The designs promote responsiveness in the pocket and speed in the flats when the time is right. From the high performance pulled in shape of the Pro models, to the more forgiving longboard inspired shape of the CMLB Comp. The Colin McPhillips series of boards will never leave you short of thrills.

Corky Carroll - US Surfing Champion 1966, 67, & 69

CORKY SERIES

A performance surfing SUP
designed by Corky Carroll

The Corky Series of boards are performance surfing SUPs. With extra width for added stability, these high performance boards are designed to be ridden by anybody, beginner to expert. The best of both worlds, these SUPs surf like a mid-size surfboard but with the flexibility of a full size SUP.

HOBIE PERFORMANCE LAB

WHERE CREATIVITY AND DESIGN MEET INNOVATION AND PERFORMANCE

The Hobie Performance Lab is where we push the boundaries of what is possible. Drawing from decades of board shaping and laminating experience, combine that with modern day material and computer aided design technology. The lab produces some of the highest performing custom boards on the market today.

Each board that is produced in the lab is a handcrafted high performance work of art, that has an identity all its own.

HOBIE QUICKBLADE MATCHSTICKS

Collaborations are important in an ever changing high performance world. It's where, as designers, we can think out of the box. Where we are not bound to industry norms or pre-determined factory specs. Hobie has teamed up with renowned paddle maker Quickblade to offer high performance paddles to match any of our custom made Performance Lab boards. A perfect combination of high performance design and function. Each board and paddle are built to "YOUR" custom specifications.

CLK Lamination utilizes Technora, a space age aramid fiber that is 8 times stronger than steel. Woven in a proprietary cross link pattern, the use of this material in paddle lamination provides a paddle that is lightweight and responsive.

PADDLES

HOBIE QUICKBLADE PERFORMANCE SERIES PADDLES

Hobie has established a design collaboration with renowned paddle maker Quickblade to design a high performance series of paddles. Each paddle in the series was designed around a need for increased form, function, and performance.

DESIGN

- Designed by Quickblade's Jimmy Terrell, the new H-Blade features a newly designed scooped V section that creates a double dihedral for enhanced stability.
- The 90 sq/in blade allows for optimal power and comfort across all ability levels.
- Constructed with Hobie's CLK construction the blade is lightweight and responsive.
- 50/50 round carbon fiberglass shaft

HOBIE RECREATIONAL SERIES PADDLES

HQ-SURF

A performance influenced surf design. The HQ-Surf caters to everything desired in a surf paddle.

- 90 sq/in Blade area
- 8 degree Blade angle
- 18.5" Blade length
- 7.5" Blade width
- 50/50 Round Carbon/Fiberglass shaft
- Standard Carbon Handle

HQ-PERFORMANCE

Designed to perform in all conditions and across all ability levels.

- 90 sq/in Blade area
- 10 degree Blade angle
- 18.5" Blade length
- 7.5" Blade width
- 50/50 Round Carbon/Fiberglass shaft
- Standard Carbon Handle

HANDLE

An ergonomically designed handle for maximum comfort and control.

SHAFT

- Recreation Series - Round
- Designed to be light, quick, stiff, and comfortable with a bit of snap.

BLADES

- Dihedral blades incorporate a center spine and a 11 degree blade angle translating into the perfect combination of stiffness, strength, control and power.

ACCESSORIES

Hobie SmallRoll Top Dry Bag
8" diameter x 14". This bag is built of tough materials. Seals tight to keep your stuff dry. 71703001

Hobie 3EXP Paddle Bag
Protect your paddles with the Hobie 3 EXP paddle bag. Holds up to three paddles up to 85" comfortably, durable nylon fabric, ¾ length zipper for easy access to your paddles, center carrying handle with additional shoulder strap for easy transportation. 486380-28
