

KONA

You drive it. You define it.

Real style is a matter of being yourself on purpose. Like the all-new KONA. Distinctive and individual, its uniquely confident look sets it apart from every SUV in the class. Because we don't really see the fun in more of the same.

Go on, live a little. You are the driver of your life.

You style it.

Combining sculpted lines with a stylish edge, the all-new KONA is expressive from every angle. Muscular surfaces flow into the distinctive high-contrast fender cladding, highlighting the bold SUV design. Firmly planted with a strong stance and sporty 18" alloy wheels, the KONA's two-tone roof and exterior mirrors also give you the possibility to customize colour combinations to fit your personal style. Dare to be different.

You shine it.

Sometimes it's good to head in a new direction – like we have with the all-new KONA. At the front, the twin headlight design with LED daytime running lights creates an unmistakable front light signature. And for maximum vision, the full-LED headlamps feature Static Bending Light and Smart High Beam for more safety and less stress. This cutting-edge lighting technology makes looking on the bright side easier – and better looking than ever before.

You boost it.

As you like it. Power, fun and efficiency. KONA offers the choice between two highly efficient, turbocharged petrol powertrains. At the top, you have a 1.6 T-GDI that delivers 177 HP and 4WD coupled with a 7-speed dual-clutch transmission (DCT). The DCT combines the fuel efficiency and driving fun of a manual transmission with the convenience of an automatic transmission. There is also a downsized yet powerful 1.0 T-GDI with 120 HP and 2WD available. It comes with a 6-speed manual optimized for greater fuel-efficiency. There is also a new 1.6 CRDi diesel engine, manual and automatic, 2WD and 4WD.

You grip it.

Following the road is one thing. Bending it to suit yourself is another challenge all together. The all-new KONA offers an on-demand all wheel drive system for optimum handling and cornering performance. It makes driving slippery surfaces and bumpy country roads safer and much more fun. Featuring Advanced Traction Cornering Control to improve agility and stability, it actively distributes torque while accelerating in curved sections. And that translates into some seriously exciting driving dynamics - because it's not just getting there, it's how we feel on the way.

On-demand all wheel drive

Kappa 1.0 T-GDI Gasoline

120 Maximum power
ps/6.000rpm

172 Maximum torque
Nm/1.500~4.000rpm

Gamma 1.6 T-GDI Gasoline

177 Maximum power
ps/5.500rpm

265 Maximum torque
Nm/1.500~4.500rpm

U1I 1.6 Diesel with VGT

136 Maximum power
ps/4.000rpm

320 Maximum torque
Nm/2.000~2.250rpm

U1I 1.6 Diesel Manual

115 Maximum power
ps/4.000rpm

280 Maximum torque
Nm/1.500~2.750rpm

You match it.

It's also the attention to detail that makes the all-new KONA so special. Discover an exceptional level of comfort with high quality materials throughout, for a sensuous and refined feel. And for a personal touch, you can choose from four colour combinations to customise your interior. No more boring dashboards! The colour options feature accents throughout the cockpit including finely tailored contrast stitching on the steering wheel and seats-and if you like, you can even choose colourful seat belts*.

* Available only in combination with red and lime interior accent options.

The navigation system shown here is not offered in RHD markets. However, the audio system is part of the standard equipment package.

Full auto air conditioning with auto defog
Ventilated seats (optional)

Full power seats with lumbar support (optional)
Heated seats

16" steel wheel

16" alloy wheel

17" alloy wheel

18" alloy wheel

LED daytime running lights
Roof rails

Projection headlamps
Electric adjustable and heated exterior mirrors
with LED indicator

LED headlamps
Privacy and solar glass

Rear combination lamps (bulb type)
Power sunroof (optional)

Hyundai SmartSense

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, KONA is leading the segment with the latest active safety technology – built to provide you with more safety and peace of mind. From automatically braking to avoid collisions, to detecting vehicles in the blind spot, KONA can alert you of potential dangers around you when driving.

The all-new KONA benefits from superior rigidity through the use of advanced high strength steel and high impact energy absorption that protects passengers in the event of a collision. The structure of the cabin is designed to disperse energy in the event of a collision, therefore reducing impact to occupants.

Forward Collision-Avoidance Assist (FCA) with pedestrian detection

The FCA system uses the front mounted camera and the radar sensor to monitor the traffic ahead. Should it detect a potential collision with a vehicle in front or with a pedestrian, it will warn the driver and if required, automatically slow or stop the vehicle.

Lane Keeping Assist (LKA)

The standard LKA uses the front camera to monitor the lines of the road. In case of an unintended lane departure, it will warn the driver and can apply counter steering torque to guide the car back to the lane.

Blind Spot Collision Warning with Lane Change Assist

Using 2 radar sensors in the lower rear bumper, the system visually warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, the Lane Change Assist will sound an acoustic alert.

Full LED Lighting Technology

High Beam Assist detects oncoming vehicles as well as vehicles in the same lane ahead at night, and changes from high beam to low beam as appropriate. The Static Bending Light illuminates the front side area ahead when cornering, improving visibility at night.

Rear-Cross Traffic Collision Warning (RCCW)

When reversing out of a narrow parking space, the Rear-Cross Traffic Collision Warning reduces the risk of a collision. Using 2 radar sensors at the rear, it warns you in case of any approaching cross traffic.

Driver Attention Warning (DAW)

This standard feature raises safety and convenience to an entirely new level by continuously monitoring and analysing driving patterns. When a pattern of fatigue or distraction is identified, DAW gets the driver's attention with an audible alert and pop-up message suggesting a break.

You rock it.

Stay online in the city or get offline, go off-road and crank the music all the way up. The premium sound system from KRELL delivers stellar sound performance so you can rock it in style. And no matter how you choose to explore what drives you, the all-new KONA provides you with the seamless connectivity you expect and innovative tech that makes life easier. Like an 8" touch screen display that makes everything easily accessible with Apple CarPlay™ and Android Auto™. Express yourself.

Apple CarPlay™ is a registered trademark of Apple Inc. Android Auto™ is a registered trademark of Google Inc.

8" touch screen display

You fit it.

Designed to fit everything you and your busy life can throw at it. The versatile KONA offers plenty of room for both passengers and cargo – it is amongst the best in class for leg, shoulder and headroom. And the wide-opening rear hatch and low load height makes loading quick and hassle-free.

A compact SUV that doesn't compromise on space, KONA also delivers an outstanding trunk capacity of 361 litres. It's also simple to adjust: you can fold down the rear seats in seconds with a single touch. And with the seats folded flat, you have a roomy 1,143 litres of space - perfect for weekend escapes.

You spot it.

KONA helps you take care of yourself and everyone around you. The KONA offers one of the most advanced safety and driver assistance packages in its class with intelligent features like Blind Spot Collision Warning and Rear-Cross Traffic Collision Warning. And the rear-view camera helps take the hassle out of parking. Because just because you can't spot it, doesn't mean it isn't there.

Rear-view camera

Technology.

The all-new KONA provides you with the seamless connectivity you expect and innovative tech that makes life easier – like a head-up display, wireless charging for your phone and a high mounted floating touch screen for better visibility and easy access.

Head-up display (HUD) – Featuring class-leading luminance for easy visibility, our new head-up display helps you stay safe by projecting important information like speed, navigation commands, and warnings right into your line of sight.

The 8" touch screen integrates 3D navigation, media and connectivity features. It comes with a free 7-year subscription to LIVE Services, with real-time traffic, weather, speed control* and POI information.

*The speed camera alert feature is not available in all countries.

Wireless phone charging – Located in the centre console, a wireless charging pad (Qi standard) lets you easily charge a compatible Qi-enabled smartphone without the use of messy and unsightly cables.

Digital Information Cluster – Optimally placed and easy to read, a 4.2" LCD screen shows you important driver information like: the status of active safety features, remaining range and fuel consumption, navigation instructions, outside temperature and more.
