

List of Product IDs excluded from after-hour support

- All obsolete or retired products will not receive after-hour support – products that Siemens DI SW does not offer maintenance for anymore.
- In addition, the following maintenance product IDs are excluded from after-hour support. For the Products identified below, support will be provided during normal business hours only, regardless of the priority of the Incident Report. This list includes products of type:
 - Third party products that are not supported solely by Siemens.
 - All Training, documentation or services part IDs.
 - Niche products with minimal distribution.
