## Mia Cucina

KITCHENS BY TOWNGAS

The kitchen is the heart of the home; a place where cooking for family and friends is a channel for love and passion. It becomes a natural extension of your personality and individuality.

For decades, Towngas has been applying its engineering and project management expertise to improve the quality of life and ergonomics in kitchens for countless families in Hong Kong. "The Kitchen with You in Mind" reinforces the view that all kitchen designs must be customer requirement-driven. This inherently leads to breathtaking designs that are unique and intimately personal.

### The customer-driven philosophy

All Mia Cucina designs are realized using only the choicest materials of the highest quality. Imported from Europe, materials are selected for their suitability to Hong Kong's environment. Furthermore, accessories are specially selected to enhance usability and to provide an aesthetic quality.

The Mia Cucina quality is the amalgamation of our expertise in culinary, design and engineering domains, ensuring that each kitchen is the fulfillment of our customer's personal vision. Inspired by Master Chefs and drawing from a wealth of experience, storage spaces become an outlet for creativity rather than a problem of limitation.

At Towngas, award-winning service quality is assured from start to finish. From on-site surveying, project planning, design and implementation to after-sales service, every step is undertaken by Towngas professionals committed to your satisfaction.

### In harmony with the environment

Towngas is committed to be a carbon-neutral organization by being mindful of the impacts to the environment during production and transportation. Since the very beginning, wood-based structural components are sourced locally and every step is taken to offset unavoidable CO<sub>2</sub> emissions.

### Committed to success

Today, Mia Cucina enjoys continued success with our service and product quality, earning widespread recognition within the premium kitchen market segment.

Mia Cucina is a statement of personal style manifested through a magnificent display of shape and form. It represents a lifestyle of charm enjoyed through beautifully ergonomic design.

Your kitchen is waiting to be revealed.

**AVANT-GARDE**

Applying minimalist sleek style, superior FENIX material and automated devices, this cutting-edge kitchen design enhances city living.

**INTELLIGENCE**

Smartly ensures both functionality and aesthetics with application of connected devices into the kitchen to elevate culinary experience.

## EFFICACY

Effusing an understated glamour and unprecedented arrangement, this kitchen maximizes usability with clever space allocations.

## HUMANITY

With storage intelligence infused into every corner, this kitchen is meticulously designed to demonstrate the best use of ergonomics.

## MYSTERY

Granite-patterned cabinets combine with contrast shades of cement grey evokes the lust of cooking soul.

**SWANK**

Soft-flowing curves bring kitchen essentials within easy reach whilst creating a practical design masterpiece.

## FLUID

The curvature used to round off the corners on the island, echo that used on the edges of the wall cabinet panels, allowing space to be utilized in a natural and aesthetic way.

## HARMONY

Employs the color harmony to match with stainless steel backsplash, such a vibrant kitchen to inspire your cooking.

## SERENITY

Exuding a sense of pleasantness, the natural kitchen designed with a greenery concept and light-colored tones of cabinets, holds a warm essence.

**QUAD**

Inspired by a traditional Si He Yuen concept, a timeless design possesses both style and transformative power in kitchen.

**CHARM**

A blend of classic wooden materials and colors creates an elegant visual interplay that widens the senses of spaciousness and freedom of movement.

**INTEGRITY**

Delineates a sleek kitchen to emanate a rich character, a set of modern, ingenious cabinets and dining table are ready for you.

**CONTEMPORARY**

Creating a dual toned and textured kitchen is a trend of art. The quality wood dominates and gives your kitchen a touch of harmony.

**SOPHISTICATION**

An elegant kitchen emphasizes the aesthetics details of its design. The alluring texture matching with a focal island creates a strong, dramatic visual appeal.

**KITCHEN  
SYSTEM  
STORAGE  
AND  
ACCESSORIES**

Apart from kitchen design service, Mia Cucina offers a wide range of kitchen accessories and storage system to add value to your kitchen. Such items will make a new kitchen the most functional, efficient to use; and most importantly, they bring you a comfort of convenience every time you cook and keep the whole kitchen sleek.
