Inspired by Venice, the last stop on the legendary Silk Road trade route from China, our Christmas issue oozes crystal inspiration this winter – both for everyday looks and for party glamour. **'GOLD RUSH'** shows how to rock a golden shimmer by day as well as by night, while the darkly elegant **'MIDNIGHT IN VENICE'** features sumptuous fabrics and stunning jewelry, photographed amid ornate splendor. We discover that the **SAUTOIR** – that super-long necklace made famous in the Roaring Twenties and reprised in the Sixties – has made a welcome comeback. In **'PIN IT DOWN'**, brooches are used to funk up outfits, both simple or sweet and rugged or chic.

MIDNIGHT MAGIC

Be inspired by **'FOR HIM...OR HER'** to give him gifts that make an eye-catching androgynous statement when worn by you. Lastly, pick up some tricks and tips in **'HOW TO WEAR'** on jewelry to make your party outfit rock! If you'd like to browse the magazine online, visit swarovski.com/ multifacets, where you can also buy the jewelry that's featured in its pages while you're there.

the sautoir

The sautoir is a long pendant or necklace made famous by the hem-raising, party-loving flappers of the Roaring Twenties. Designed in the 18th century to carry a cross or a watch, by the early 20th century it had become a symbol of women's freedom. The Jazz Age saw pioneers, such as Hollywood femme fatale Louise Brooks (top left: modeling a pearl sautoir in this 1928 portrait), throw off their corsets, experiment with androgyny, and enjoy the thrilling hedonism of newfound emancipation. The short flapper dress was perfect for dancing the Charleston and the sautoir its ideal accessory, gracefully following the movement of the body.

With the return of control over women's body shapes in the Forties and Fifties, the sautoir disappeared, only to make a stronger comeback during the Feminist era of the Sixties and Seventies. The hippie culture favored ethnic-style ropes of beads, and vintage jewelry such as Art Deco was popularized by design icons Ossie Clarke and Biba, while the likes of actress and Je t'aime singer, Jane Birkin (bottom, middle), rocked the era's just-out-of-bed glamour with soft, tasseled sautoirs.

Today, along with deep V-necks and looser silhouettes in supple fabrics, this emblematic piece of jewelry is once again a fashion statement, as it makes a welcome return to the Swarovski collection.

GALA EVENING

Dare to wear a sensational dress, but keep it modern with loose hair and a slash of scarlet lipstick perfectly matching your dress! Balance the look with a crystal minaudière to complement an understated, but brilliantly sparkling, bracelet and ring.
