

MEYLE

DRIVER'S BEST FRIEND

Steering and suspension components are subject to extremely high load levels, which frequently results in increased part wear and shorter replacement intervals. Required to perform reliably under these conditions most of our parts are therefore made in genuine MEYLE-HD quality which means: optimised products offering maximum service life and outshining OE solutions.

Powerlite Starter Motors

Powerlite - high torque gear reduction starter motors. These lightweight units offer increased cranking speeds and considerably more cranking power than original units, whilst drawing less current from the battery. The units are ideal for road competition applications, especially where engines have been tuned and adverse conditions require extra performance from the starter motor. All Powerlite starters are direct replacement for original units and require no modifications to the vehicle on which they are installed, as they work for both positive and negative polarity. The compact lightweight units are often easier to install than the original unit and units are modified where necessary to aid fitment.

NAD101490HD

RTC5225HD

RTC5232HD

Dynalite Dynamo

Designed and manufactured by highly experienced auto electricians in West Midlands, UK. The Dynalite aims to bring together modern alternator technology with the classic looks and appearance of a Dynamo. Ideal for both road and competition use the Dynalite provides up to 80% more power and weigh up to 40% less than original dynamo units. The Dynalite units directly replace dynamo units with no modifications to the vehicle. The self regulating Dynalite units offer increased reliability and performance charging efficiently across the full rev range. The wiring changes required for the units are very simple and reversible. All Dynalite units are supplied with comprehensive fitting instructions.

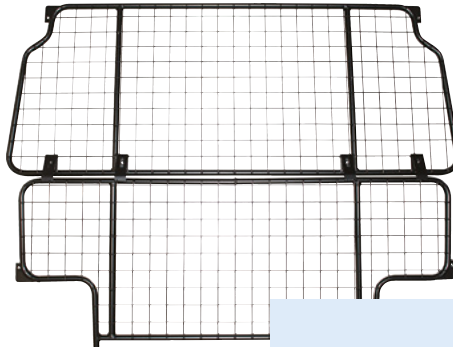

RTC3840A

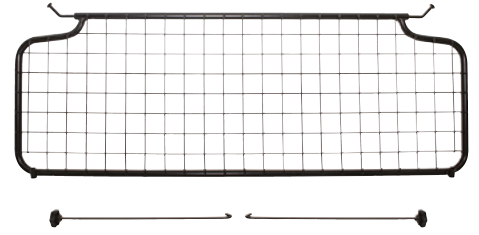

Dog Guards

VPLCS0300
Discovery Sport

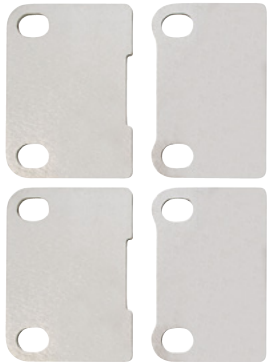

DA5539
Defender 110 - 2007 onwards
Station Wagon & Utility - Full height

DA5809
Discovery 5
Strong 19mm diameter steel outer frame with 50mm steel mesh powder coated black. Easy ten minute fitment with no vehicle modification required.

Defender Door Hinge Guards

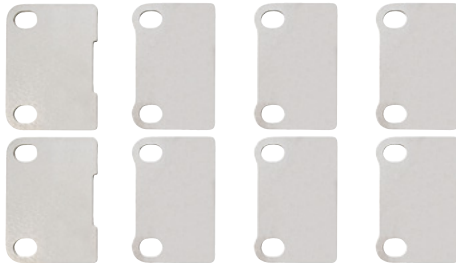

DA1398

Exclusive to Britpart!

DA1399

Hinge Guards available from 24th April

DA1398 - 2-door kit

DA1399 - 4-door kit

The hinge guard is built to exact specification and was developed to fit all Defender models and years. It has been engineered for maximum protection and ease of fitment. Each Hinge Guard kit consists of two CAD engineered stainless steel plates which fit inside of each hinge point, restricting outward movement of the door with the bulkhead bolts removed. Fitting the Hinge Guards is incredibly easy with comprehensive fitting instructions supplied. Each door kit can be easily fitted in 20-30 minutes. After installation, only the top of each plate can be seen, providing an unobtrusive modification and deterrent to would-be thieves.

Features

- > Notched upper guard - fits neatly around the dash padding without compromising security.
- > Custom folds - each plate has a carefully measured, very small offset to allow it to close around the door frame without tearing the door seal.
- > High-Grade 304 Stainless Steel - 2mm thick: thin enough to fit unobtrusively, more than thick enough to protect your hinges.
- > Individually profiled - lower and rear hinges profiled for a perfect fit across all variants.

Space Saver Wheel

DA1417

Black space saver 4B x 18 steel wheel - LR088518
Fitted with Continental tyre - T155/85 x 18
Freelander 2

Corbeau Seat

DA7317

Leather/Alcantara - Pair
The Corbeau Sportline RRS Low Base Seats has been designed specifically for Defender owners. The RRS has up-to-the-minute styling, giving you the ultimate in comfort and safety. This steel-framed sports recliner has a high quality moulded foam cushion, with lumbar support to give maximum comfort whilst not compromising lateral support. With its ultra low side bolster this is the perfect application for any high rise vehicle. Fitted with a high quality single reclining and tilting mechanism for ease of adjustment. TÜV Approved. Sold in pairs. More information available online at britpart.com
