St. Andrews
UNIVERSITY
A Branch of Webber International University

February 18, 2021

Dear St. Andrews Alumni, Friends and Supporters:

On behalf the university, it is our pleasure to publish and provide an annual report of the generosity and support of donors and friends of St. Andrews. Without these special people, business, organizations and foundations, who place the mission and goals of St. Andrews as a priority in their philanthropic aspirations, much of what makes St. Andrews would not be possible.

I would like to offer additional recognition as well as to the graduates and students of Flora Macdonald College and Presbyterian Junior College, who formed the foundation and basis for the university's establishment in 1958. They were the pioneers and the elders of our history and tradition who brought the realization of St. Andrews forward.

This report includes the name of individuals, corporations, organizations and foundation who have given for the fiscal year of June 1, 2019 to May 31, 2020. Lists include alumni donors by class, officers and members of the Alumni Council, members of the Tower Club and its giving societies, tributes made in honor and memory loved ones, and support from the Independent College Fund of North Carolina and its business affiliates and supports for Scholarship Endowments.

Yours in gratitude,

Stanton L. Cadow, CFRE

Campus Vice President for Institutional Advancement

ALUMNI GIVING

2019-2020 TOWER CLUB

The Katherine Whitner McKay Belk Tower was constructed and dedicated on April 21, 1978, longstanding as an icon and symbol of St. Andrews. Rising 60 feet above Lake Ansley C. Moore on a peninsula off the causeway linking the two sides of campus and adorned at its pinnacle with a Celtic cross, the bell tower was demonstrative and rooted in the ethos of St. Andrews' Presbyterian foundation. For decades, its carillon of 16 bells regularly sounded across university grounds; its prominent location was visible from almost every point on campus, and it provided inspiration and audible beauty.

Thus, the Tower Club and levels of giving societies were established in recognition of this structure to encourage and recognize leadership giving to St. Andrews. Its structure was severely damaged by Hurricane Florence in September of 2018 and in August of 2019 had to be demolished for safety reasons. The bells and the Celtic cross were removed first and stored for preservation, which will be used when a new tower is constructed.

Membership is reserved for those cherished individuals, foundations, and organizations who are representative of the knowledge, strength, and compassion exemplified by the ideals of a St. Andrews liberal arts education.
