

Sci-fi and Fantasy Library Catalogue

Welcome to the Sci-fi and Fantasy Society Library! With over 1,300 books, including more than 150 from various TV and film universes, and some 1,600 2000AD comics, there is almost certainly something for everyone.

For all comic lovers, our Prog collection is fairly complete from issue 422 onwards, but we also have some earlier Progs, Judge Dredd Magazines, Monthly Specials and various other 2000AD publications.

There's currently no open space to browse the physical books but we're working on it and by Christmas, will also have extended the library to audiobooks and radio dramas! In the meantime, here is a list of our books. For everything else, I'm happy to talk you through what we have.

For borrowing, recommendations (either for yourself or us), donations (always welcome) or a chat about sci-fi and fantasy, feel free to email me cordelia.webb@durham.ac.uk.

If you notice any glaringly obvious mistakes (I've tried being careful but there are a lot of books), please let me know so I can fix them.

Enjoy!
