# Battle Management Scope and Mission Areas

**Vision:** The most proactive and effective DoD life cycle management organization

**Mission:** In partnership with industry, deliver and support warfighting systems—and learn to do better every day

**Portfolio:** 130+ US programs, ~\$24.7B (AY+FYDP)

- 4 JUON/QRC
- 9 MDAPs
- 1 ACAT II
- 40 ACAT III
- 12 Tech Project/Other
- 59 Sustainment
- Outside Funds

~120 FMS Case/Lines, ~\$4.079B

- 42 nations and NATO

102 Supplies & Services Contracts

**Org/People:** ~3,500 people

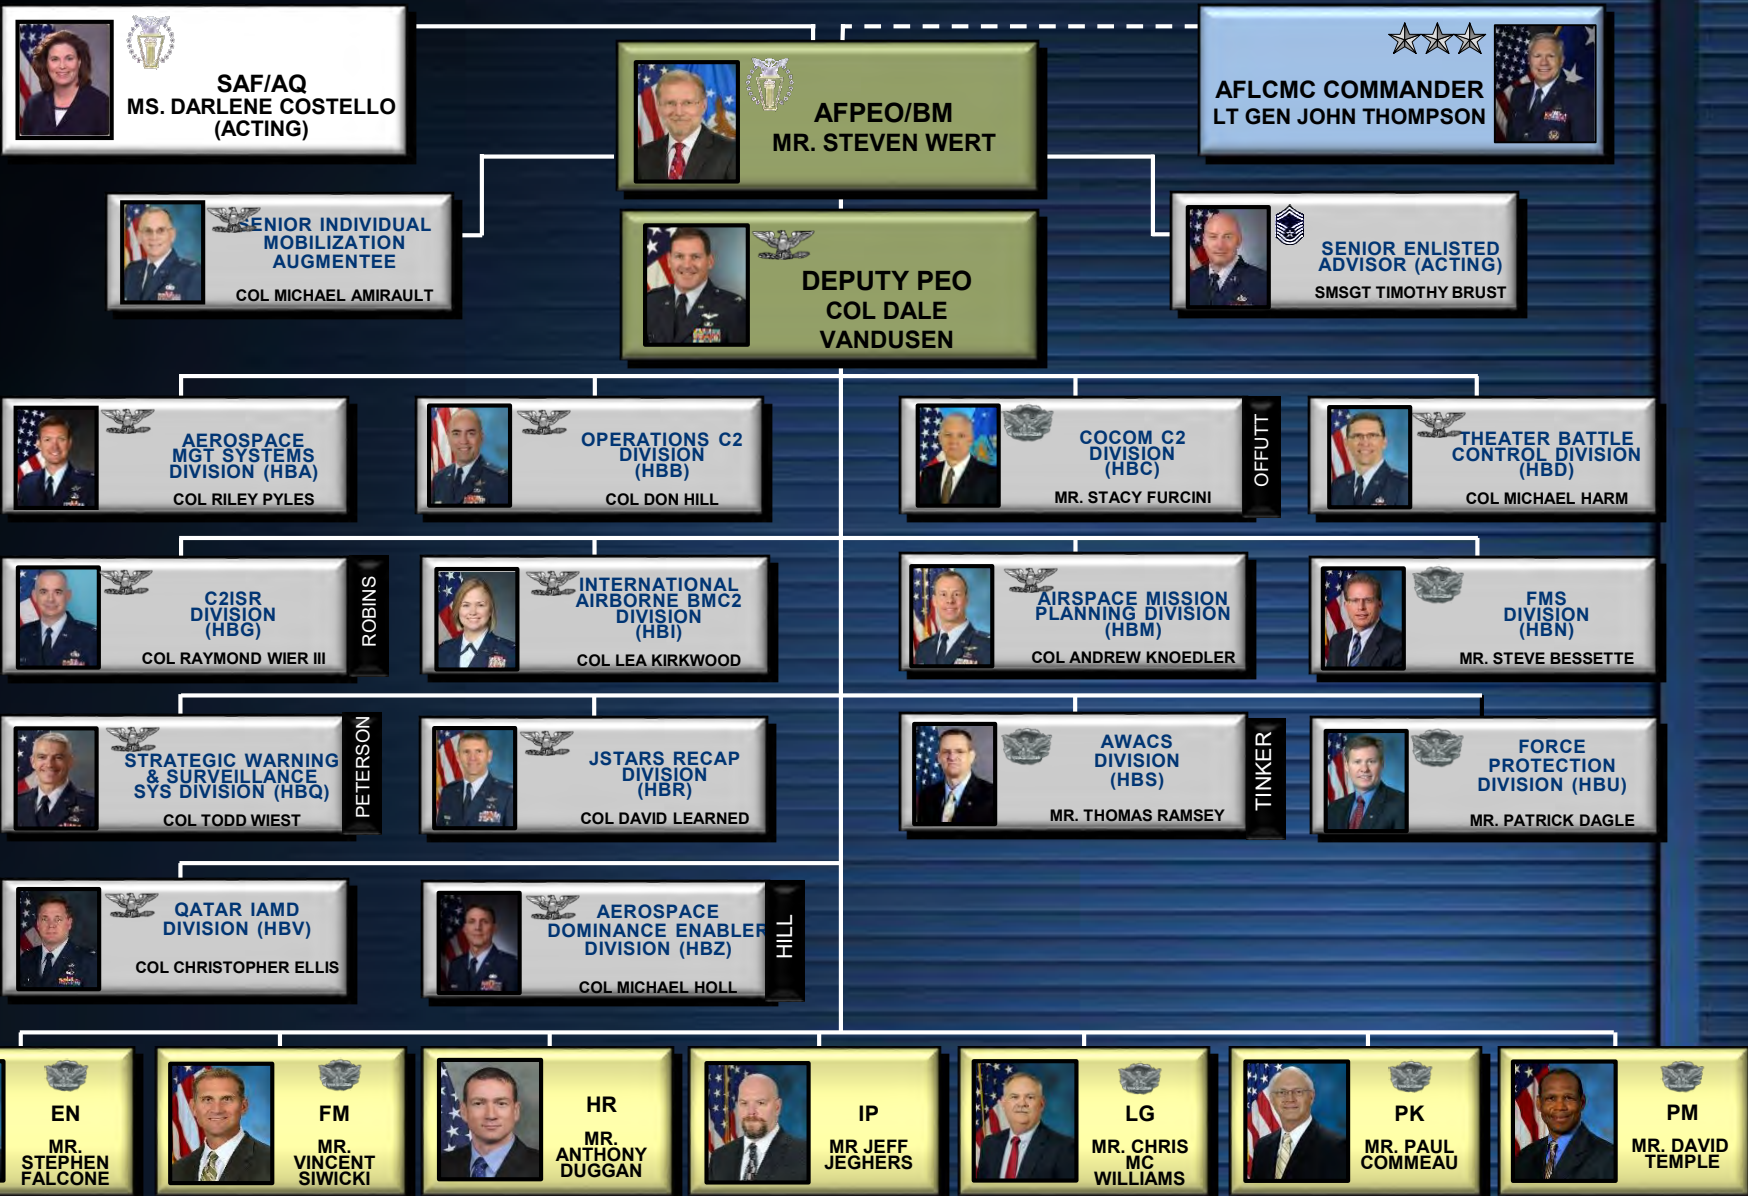

- 14 Divisions / 9 Major locations

*The AF's core operational C2 systems, battle management, and more*

# Battle Management 2016 Accomplishments

- **Awarded PEITSS Multiple ID/IQ w/ \$538M ceiling**
- **Awarded JSTARS Recap Radar Risk Reduction contracts**
- **Completed JSTARS Recap pre-EMD PDRs**
- **Released JSTARS Recap EMD/production RFP**
- **Released AOC Long-Term Modification and Sustainment RFP**
- **Delivered HFGCS next generation console upgrades**
- **Awarded Vandenberg AFB IBDSS project**
- **Awarded AFCENT & AFAFRICA Ops Readiness Support Contracts**
- **Awarded AFMSTT SB contract**
- **Delivered first two CRC OM Mod production units**
- **Completed Lackland BMT Phase II project**
- **Completed NPES MDD and started pre-MS-B efforts**
- **Achieved ops acceptance a IOC for MCCC mod**

**CAN DO**  
**WILL DO**

# Battle Management 2016 Accomplishments

- Completed ISPAN Inc 5 MDD and started pre-EMD efforts
- Released SEWS small business RFP
- Awarded PCCIE multiple award contract (MAC) II
- Fielded CSEL Timberwolf tech refresh base stations
- Reduced E-8C in depot from more than 9 to less than 5
- Delivered 3 counter-UAS systems to the CENTCOM (JUON)
- Received \$1.6B LOA for Qatar FPS-132 EWR
- Awarded \$350M ID/IQ contract for JMPS (SEIC-II)
- Re-released SMORS contract RFP for missile warning radars

CAN DO  
WILL DO

# Battle Management 2016 Accomplishments

- Completed critical change report for AOC 10.2 re-baseline
- Completed the RSAF RSIP mod program
- Achieved DSCA & Services signed MOA on Qatar IAMD mgmt
- Established Qatar IAMD Program Office
- Stood up AWACS International Division
- **Won 7 of 23 PM Center-level annual awards—more than any other PEO/Directorate, including ACAT-I military and civilian PMs of the year**
- Increased Small Business from FY13 6.31% to FY16 13.46%

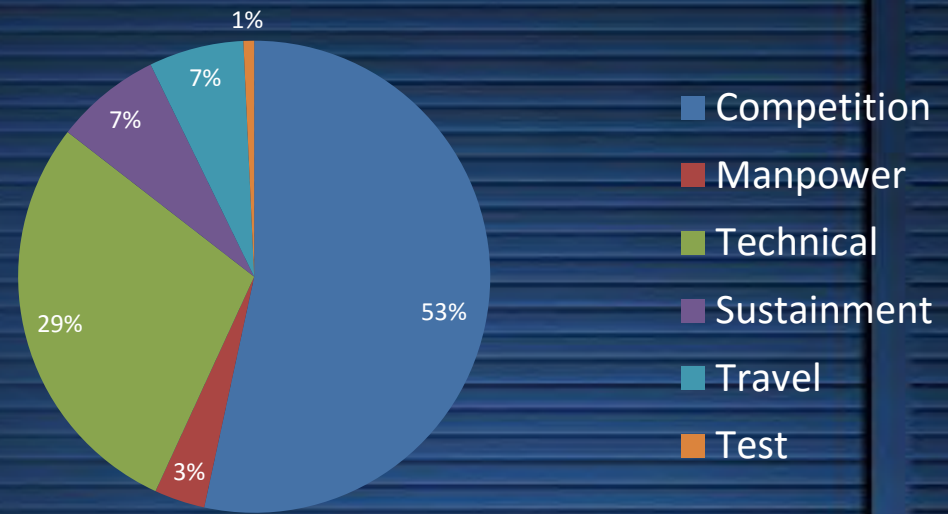

CAN DO  
WILL DO

# Battle Management Should Cost

### FY17 FYDP Should Cost Forecast (\$M)

### Initiative % Savings

# HBB Potential Opportunity

## *Theater Battle Management Core Systems Force Level (TBMCS FL)*

### Small Business Opportunity

Provide Commercial Off the Shelf (COTS) software and hardware to support sustainment of TBMCS FL installations world-wide and TBMCS FL sustainment lab at Lockheed Martin Colorado Springs, CO

### Schedule

- RFP Release:
  - Multiple Jan 17- Jul 17
- Contract Awards:
  - Multiple Feb 17- Sep 17
- Period of Performance: Dependent on warranty duration

### Contract Information

Anticipated Contract Strategy:

- ~\$2.5M/29 potential opportunities
- DoD ESI BPA or NETCENTS II

Anticipated Contract Type:

- FFP

POC: Michelle Lardizabal, (781) 225-9029

UC2

# HBB Potential Opportunity

## Unit Command & Control (UC2)

### Small Business Opportunity

- Procure hardware (servers, routers, switches, etc) and software licenses to support fielding of UC2 to various locations
- Capital Equipment Refreshment (CER)
- Hardware procurement linked to CER schedule

### Schedule

- RFP Release: Mar 17
- Contract Award: Apr 17
- Period of Performance: Dependent on warranty duration

### Contract Information

#### Anticipated Contract Strategy:

- ~\$3M annual h/w and s/w licenses as required
- NETCENTS 2

#### Anticipated Contract Type:

- FFP

POC: Capt Kurt Carlson, (781) 225-0525

CAN DO  
WITH IT

# HBB Potential Opportunity

**Distributed Common Ground Systems (DCGS) Multi-Service Execution Team (MET) Office (DMO) DCGS Integration Backbone (DIB) 2018**

## Small Business Opportunity

Follow-on contract to:

- Develop/Update DIB capabilities
  - Improve User Interface
  - Develop better knowledge management
  - Technical support to the DCGS Community
  - Increase quality & validity of Metadata

## Schedule

- RFP Release: Sep 17
- Contract Award: Dec 17
- Period of Performance: Dec 17 – Dec 20

## Contract Information

- Anticipated Contract Strategy:  
~\$49M - In Development
- Anticipated Contract Type:  
T&M
- POC: Kelly Goshorn, (781) 225-0617

# HB Big Objectives - 2017

- Complete NPES Recap IPR and final AoA Report
- Award E-8C MSG-3 contract
- Release Cobra Dane Recompete Contract RFP
- Award 40/45 Increment 3B Contract
- Field 40/45 IFF Fix
- Complete the Whiteman WSA
- Award AOC LTM&S Contract
- Secure approved charter between AFLCMC/HBBI and key CAIS T&G stakeholders
- Complete D-RAPCON DT
- Award BCS CLS Contract
- Award 3DELRR Contract
- Award Saudi RAMP Phase 1 Contract
- Receive JSTARS Recap EMD RFP Proposals
- Award CSEL ACAT III NGCA) Contract
- Field JSTARS major software IR-9
- Deliver PARCS PMDP & M&DSS
- Award three IBDSS Fixed Site Sustainment Contracts - CONUS, USAFE and PACAF
- Complete Wide WAS S1/S2 DT/OUE
- Complete D-RAPCON Milestone C
- Complete NPES Recap ASP
- Complete ISPAN Inc 4 contract mods for PIE and begin Spiral 3 CDT&E
- Complete installation and DT of OA pilot at DGS-2, DGS-IN, and DGS-NV, with no Cat I TPRs
- Complete Delta CDR of the Specialty Engineering design changes on the Japan MCU D&P Contract
- Complete MCCC Project Caviar Design Review
- Achieve Operational Acceptance of the Beale UEWR DP/SP Upgrade
- Implement Government Reference Design in BDL
- Complete procurement, testing, training, install & safety cert for STRATCOM C-UAS JEON
- Award Small Business MPS III IDIQ Contract
- Deliver two AN/TYQ-23A (OM Mod) systems
- Complete successful FQT of B-2 MPE V6.0
- Definitize RSAF Cyber Security Program Contract
- Award APX-119 follow-on contract
- Complete D-ILS Milestone C
- Award ASIP contract
- Complete ISPAN Inc 5 POE, IPR, final AoA Report, and AoA approval ADM
- Reduce E-8C a/c in depot to four (TSSR Year 17-1)
- Award the Japan MCU I&CO
- Definitize Qatar Early Warning Radar Contract
- Reduce E-8C a/c in depot to three (TSSR Year 17-2)
- Award Fixed-Base Weather Observing System contract
- Complete C2AOS/C2IS DTs for ASMA-ASIS, RSIC2, IAMD Planner, and ATOMS
- Deliver TBMCS MR4V
- Complete fielding of JSTARS Global Imagery Server
- Complete MPS Inc. 5 C-17 Operational Testing

**CAN DO**  
**WILL DO**

# Closing Thoughts

- **Tension within the AF and DoD—senior leader expectations based on current commercial technologies, versus legacy operational system realities**
- **Active and directive program management required for industry to succeed—TPMs covering every aspect**
  - **Where the PMO is not watching, our contractor will find a way to fail**
- **Answer is open system architectures, owning the tech baseline, and Govt led integration—enabling active program management**
  - **Reduced life cycle costs and increased agility**
  - **Increased competitive opportunities**
  - **Increased small business where appropriate**
- **Increasingly dangerous world → JUONs, JEONs & RMD rapid new efforts, flexible/creative acquisition strategies, and UCAs**
