

A 50-State Adventure Exhibit

Visitors will love taking a pretend trek across America in this interactive exhibit - *A 50-State Adventure*. The exhibit invites families to explore each of the 50 United States and the District of Columbia and features some of the nation's most beloved national landmarks, pastimes and culture. Each activity station highlights a popular family destination, including historic sites, tourist attractions, and arts and sports venues, along with fun facts and photo murals that show the diversity of the country's landscapes and sets the stage for playful activities that address key academic and early learning standards for children. The exhibit's interactive game stations present visitors of all ages with fun and interesting questions (ranging from easy to hard!) about U.S. geography, history, arts and literature, science and nature, sports and leisure, and entertainment.
