## DUSTFX CLEAN AIR SOLUTIONS

The DustFX range of air cleaning equipment is manufactured in Taiwan and Italy to design and specifications for the best performance in each class of machine. You will find features like machined aluminum impellers, cloth reusable lower bags and 2 micron upper dust filters on our hobby machines. We also feature advanced "Hepa" canister filters on our hobby and cyclone series of collectors for extremely clean air and environmental concerns. Our industrial series of collectors have advanced bag systems and impeller systems for extremely clean, powerful performance and amazingly quiet operation. DustFX machinery is built to be the best air cleaning systems available today.

# Professor CNC Router

CWI Woodworking Technologies have introduced some of the most advanced CNC routers available today. Models are featured for hobby work, educational training, as well as full on commercial woodworking applications. The "Professor" series of CNC Routers for hobby and educational applications are stronger, faster, heavier, and full of features to be the absolute best in their class. We offer three models in two working sizes... the Professor 2.2, Professor 2.3 and Professor HDX. Each machine features cast iron frame, machined cast aluminum gantry, black anodized aluminum tables, large precision ballscrews, and CSA certified high performance electronics

Professor 2.2 Table Top  
24" X 24" CNC Router  
w/Bosch Router Spindle

# “NEW ROUTER TABLE INNOVATION”

## The ShapeFX Router/Shaper... Two Machines in One!!

- 3 HP Industrial Motor on 220 Volt Power
- Variable Speed with Two Speed Ranges  
3500 – 8500 RPM & 8000 – 18,500 RPM
- Electronic Speed read out
- Use with 1/2" Shank Router Bits or 3/4" bore Shaper Cutters
- Cast Iron Fence Assembly
- Independently Adjustable 4.5" Tall Aluminum Fences
- Bow Feather Board Hold Downs
- Swivel Overhead Control Panel
- Electronic Digital Spindle Height Read Out
- Emergency Stop Button
- Can Be Used with an Optional Power Feed System
